Council needs more study before a decision Sherwood Developments purchase Drag Lake subdivision, but still require new zoning

Dysart council will consult with the Ministry of the Environment, the Ministry of Natural Resources, and the Ministry of Housing before making any decision on a zoning request by Sherwood Developments that would permit a 38-unit time sharing resort to be built at Outlet Bay (between Spruce and Drag Lakes).

Sherwood Developments, since the last regular meeting of council, have bought a registered subdivision from Halcan Holdings. Sherwood official Larry Bailey was on hand to keep council up-to-date on the latest developments.

He told council he had discussed

the suitability of the new site with the Ministry of Housing and health officials. As well, he said, Sherwood is willing to live with the three major concerns expressed by the province, namely the observing of a 100-foot setback from the high water mark, minimal cutting of foliage, and a single family dwelling unit on each lot on Spruce Lake.

Plans call for 12 single units to be built on Spruce Lake, and 13 double units to be built on Drag, said Bailey.

Reeve Murray Fearrey asked if a tile-bed septic system could handle that kind of use, but Bailey said it as his belief that it could.

Sherwood also intends to build a club house, tennis courts, a playground and a swimming pool, as well as a convenience store, Bailey explained.

The double units would be 48 feet wide and 22 feet deep, with the singles exactly half that size, he explained. Hand-hewn pine would be used in its construction.

The reeve asked what Sherwood had done about increasing fire protection -- and was told that it had not been considered as yet. However, Bailey advised that a Sherwood-hired maintenance crew would maintain the private roads

leading into the area, and if necessary, the township roads in the winter up to the county road. Bailey said his group intends to use existing Dysart waste disposal sites.

"We would also like to install a floating pier in front of each unit, and furnish a small (5 horsepower) boat that they could take out and use for fishing. The motor would preferably be electric, to cut down on noise," said Bailey.

Bailey also said that because of environmental concerns, residents would be advised strongly by the management to do any waterskiing or powerboating on Outlet Bay in Drag Lake.

Surprised

That announcement surprised a small delegation of Spruce Lake and Outlet Bay cottagers -- who pointed out that Outlet Bay is full of logs and is unsuitable for such activity. Bailey said that "you know the area better than we do" and said Sherwood would be willing to abide by recommendations of council on recreational water use.

Upon questioning by council, Bailey said that Sherwood is not operating any time sharing resorts at the moment.

Re-thinking

The reeve advised both Bailey and the cottagers present that

council is "concerned about the concept" of time-sharing. He called this a "preliminary look" and said the matter would need much more study.

Coun. Glen Hodgson suggested an environmental impact study be carried out. Bailey reserved judgement on that plan, saying he would have to be informed of the study's cost and the time it would take to carry it out.

The reeve said council "will have to grapple with this further" before approving the idea, or turning it down, and added a whole new type of zoning would have to be considered for the project.

Chamber still not making enough effort: Stouffer

Stanhope Deputy-reeve Elgin Stouffer still believes that the Haliburton Highlands Chamber of Commerce is not doing enough work promoting outlying areas of the county.

He was speaking at last Wednesday's meeting of county council -- the last such meeting before the summer break. Deputy-reeve Stouffer said that the Lake Kashagawamog area "is getting the lion's share" of promotion -- and is seeing the results of that promotion with increased business.

However, said the deputy-reeve, "outlying regions...don't get much coverage." He added that the Chamber should make "a little bit of an effort to get information from these areas...and prime the pump."

Appointed directors

Last month the deputy-reeve had told councillors that Chamber directors should be appointed, in order to increase the representation from outlying areas. He had also stated that the county was the largest contributor of funds to the group.

This month, he admitted, appointing directors "may not be the solution," but pointed to the Minden/Lutterworth area information centre as an example of a specific area "wanting to go off on (its) own."

He asked how many people in Sherborne et al belonged to the Chamber.

Sherborne et al Reeve Dalton MacDonald said businesses in the Dorset area generally belonged to "the Muskoka or Lake of Bays Chamber of Commerce." There are some who belong to the Haliburton

Highlands Chamber of Commerce, and some who belong to both, he added.

"It's a difficult area to service," he concluded.

Anson, Hindon and Minden Reeve Lyle McKnight said the new information centre's purpose was not "to be in conflict" with the Chamber. "As far as I'm concerned, our council wants to work in cooperation with the Chamber," he said, adding that the information centre had been established to provide additional promotion of AHM and Lutterworth.

Any group wishing to drop off their brochures for the new booths would be welcome to do so, added Reeve McKnight.

County councillors disagree

"We're not trying to take the place of the Chamber," he stressed.

Dysart Reeve Murray Fearrey told Deputy-reeve Stouffer that since both AHM and Dorset support the Chamber it "must make you wonder...where your objections are coming from."

Chamber official Bob Stinson suggested a liaison committee be set up by the county council -- but Lutterworth Reeve Ron Gambell said such a committee would be unnecessary.

"We don't have anyone here who can run the day-to-day operations of the Chamber," he said.

Gambell also said municipalities

"who haven't got enough brains to phone the Chamber" about an upcoming event shouldn't complain about a lack of promotion.

Deputy-reeve Stouffer maintained that some effort should be made by the Chamber to do a weekly phone sweep of the county -- but Stinson said such a sweep had taken Leo Dobrzensky "a full day to accomplish" in the past.

Chamber participation

Stinson and Chamber president Rhonda Elstone had stated that appointing directors to the Chamber would end the Chamber as it exists today.

They repeated past comments about the degree of representation from Dysart, said to be disproportionately high by critics, stating that they have made a lot of effort -- without much success -- to attract directors from outlying areas.

Stinson went over figures indicating a dramatic increase in Chamber information handling this year.

In 1983, there have been, in April and May, 282 direct visitor parties recorded at the information booth, up from 255 over the same period last year.

The most dramatic increase in calls received over the Chamber INWATS line -- 342 in April and May this year, compared to 19 the year before. Subscriber calls jumped to 773 from 375 over the one year period.

A total of 14,860 bulk mail packages have been sent to property owners, and 9700 summer accommodation guides have been sent out. The newspaper ads in the Toronto Star and Hamilton Spectator have resulted in 376 calls, and the SMI program has generated 688 responses, he said.

Cliff Dufty of Gelert heard a loud crack during the thunderstorm Sunday night -- and when he looked outside in the morning (after an 11 hour power delay) he realized his pickup truck had been flattened by a maple tree. He said the truck would have been ready to go back on the road in about a week...and is now virtually junk.

AHM will tap reserve funds for info centre

The council of Anson, Hindon and Minden will dip into their planning reserve fund in order to operate their planned area information centre with Lutterworth Township -- but only to the tune of \$3,500.

At a regular meeting of council last Thursday, a resolution was passed stating that \$3,500 would be placed into a special bank account "for the purpose of operating the joint area information centre between Lutterworth and Anson, Hindon and Minden Townships...and the clerks of both townships be the co-signers, any further that an

'agreement of intent' be prepared for this project."

The motion carried -- but not without a nay vote from Coun. Dave Sevens.

In all it was quite a busy day for council.

Marksmen's Club

Major Glynne Lewis of the Haliburton County Marksmen Club was on hand to discuss the club's new 1983 lease with the municipality, and to respond to a complaint from a nearby resident about their shooting range.

The range is located in part of lot

13, concession A in Anson Township.

Municipal solicitor Fraser Rogers pointed out that the present zoning of the property (under by-law 82-11) doesn't permit a gun club -- while section 2.11 does permit a public use.

Major Lewis said that in the opinion of the gun club, their facilities are as available as those of the Minden curling club.

However, Rogers pointed out that the use of the property can't be considered non-conforming, since it didn't comply with the original By-law 14-67.

New coach for Haliburton Huskies

Darrell Stamp

The Haliburton Huskies have a new head coach.

Darrell Stamp, well-known in Haliburton minor hockey circles, will pilot the Junior "C" squad for the 1983-84 season.

Stamp told the Echo that a "good group of boys" are coming up to the junior level this year. He is still trying to find out what veterans from last year will return -- but noted that he had coached many of the Huskies (and Minden Juvenile Monarchs) two years ago in midget.

The midgets, under Stamp, went all the way to the OMHA finals.

Stamp said he's hoping the Huskies will enjoy the same level of cooperation with Minden mi-

nor hockey that they did last year -- when the Huskies and Monarchs traded players.

He said the club suffered because of a turnover in the coaching staff last season -- and speculated that changes behind the bench "may have caused an attitude problem."

However, he had nothing but praise for the players who were able to "hang in there" and complete the season.

He added that new players will be sought -- particularly from the Wilberforce and Bancroft area.

"We can ice a team that will be competitive in the league," said Stamp. "I don't think we can win the league (next year)..."

See page 16

OPP report

Personnel at the Minden detachment of the OPP investigated the following occurrences during the period June 20 to 26, 1983. There were 11 motor vehicle accidents with one person injured, and 60 general occurrences (10 thefts, 17 damage complaints).

Deer

Four deer in the past two weeks have been struck by four separate vehicles on county highways. Two were struck on Highway 118 near Carnarvon and two others on Highway 121 between Minden and Haliburton. Three were killed and another ran off. Deer apparently become confused by headlights and do not react as you would expect.

Some times they dart in front of the lights, other times they freeze in the centre of the roadway. The eyes of deer reflect bright green when picked up by headlights so any drivers noticing something reflecting green near a roadway should slow down in anticipation.

Neighborhood watch -- Minden

Information regarding the crime prevention program, Neighborhood Watch, has now been disseminated to all households in the village of Minden. To date, 66 persons have responded, indicating their willingness to become involved in the program. This response shows the community definitely wants to become actively involved in the program and will get all the assistance they require from the Minden OPP detachment.

The Minden Rotary Club has volunteered to act as steering committee to help organize the project and a general meeting will be held in September. The time, date and location will be announced later.

Neighborhood watch - Haliburton

A crime prevention program, Neighborhood Watch, is being offered to the residents of Haliburton village. This program organizes the community to watch out for each other and becomes effective through mutual aid - neighbors watching out for neighbors. It is a self-help program by the residents which, if the response is sufficient will be coordinated by the Minden OPP Detachment. During the next few weeks a student employed by the Ministry of the Solicitor General will be visiting each household in Haliburton village. He will deliver a brochure and a letter which describes the program and will answer questions on the program. Residents will be asked to indicate their interest by returning a portion of the letter.

Persons arrested

Two persons have been arrested and charged in connection with the theft of a car from the landing at Black Lake in Lutterworth township. The car was demolished a short distance away then it missed a curve and struck a rock cut. Charged is Victor W. Forster, 23, of RRI Norland and James S. Cius, 19, of Minden. Forster is presently in custody at the Lindsay jail and both are to appear in Minden court on July 10. P.C. Al Bibby is the investigating officer.

Injury accident

A two-car accident occurred on a cottage road near Haliburton Lake on Friday, June 24 at 9:10 p.m.

A 1972 Chev driven by Cheryl Young, age 26, of Mississauga glanced off an on-coming car then proceeded on into a ditch. Her car received \$3,000 damage and she was taken by ambulance to Haliburton Hospital with fairly serious injuries. The other vehicle, a 1983 Chev, received only \$200 damage. The driver, Gary Penrose, 34, of

See page 5

Young Russell Newson seems a little shy in this photo -- but the youngster enjoyed the strawberries and dinner served up Saturday in Lochlin in the church basement.

Identity woes for Trent-Severn

On June 20 the storage percentage for the Haliburton area lakes controlled by Trent-Severn stood at 94.9 per cent. This was about four per cent higher than the 10-year average, and some five per cent less than the level in 1982, which had taken a rise due to heavy rains. Continuous dry weather from then until this writing (June 24) has probably contributed to a substantial decline though no increased draw for downstream purposes has been made.

Otonabee River flows have been shaved by our Trent-

Severn crews even lower to reach about 17 cubic metres per second (600 cubic feet per second), the usual minimum for downstream requirements, so larger draws of reservoir water are expected to be necessary this week. The Kawartha levels have just been holding near their proper summer levels for navigation.

Lake Simcoe/Couchiching has declined about two centimetres over the past week and the Severn River flow has declined as well by about 5.7 cubic metres per second (200 cubic feet per second) to about 30 cubic metres per

second (1060 cubic feet per second), due to Black River drying up.

Fighting off an identity crisis

It is surprising that the Trent-Severn Waterway is not undergoing a severe identity crisis. Few people seem to know either its proper name or whose care it is under.

The Trent-Severn Waterway cannot be properly referred to as the "Trent Canal," the "Trent-Severn System" or the "Trent-Severn Waterways". Its one and only full name is the "Trent-Severn Waterway."

Cafeteria committee airs report at HCBE meeting

The regular meeting of the Haliburton County Board of Education was held in the Board Office on Tuesday, June 14, 1983, commencing at 8:00 p.m.

Present were Nancy Stinson, chairman of the board; Ross Anderson, Bonnie-Lee Berry, Kelly Crick, LeRoy Eager, Julie Hunter, Dorothy Kinsman, Linda Mumford, Dr. Blair Pierce, Leonard Salvatori, Brian Sisson, Paul Wilson, J. Douglas Hodgson, and Stanley Baker. Also present was Dale Robinson. Absent were Cheryl Murdoch, George Simmons, David Villard.

Resolutions

• Moved by L. Salvatori, seconded by R. Anderson that the Haliburton County Board of Education approve the minutes of the meeting of May 17, 1983. Carried.

The Chairman of the Board asked Robinson, principal of the secondary school, to comment on the recommendation to appoint a Head of the Special Education Department at his school. He cited Bill 262 which states: "A board shall appoint for each organizational unit of a secondary school a teacher to direct and supervise, subject to the authority of the principal, such organizational unit." The same regulation also states, in Section 15(5) that, "A teacher appointed under Subsection (2) or (3) shall hold specialist or Honor Specialist qualifications in one or more of the subjects taught in the organizational unit for which the teacher is appointed."

Robinson pointed out that at the present time special education comprised 21 periods per day of instruction, making it one of the larger departments in the school. He also stated that the co-operative component of the special education classes involved a good deal of extra work for the department.

The board passed the following resolution:

• Moved by Dr. B. Pierce, seconded by Mrs. J. Hunter that the Haliburton County Board of Education appoint a head of special education in the Haliburton Highlands Secondary School, effective Jan. 1, 1984. Carried.

Mr. Robinson then recommended that K.W. Blinkhorn be appointed on a probationary contract to take Mitchell's place for the months of September to December, 1983. Bonnie-Lee Berry and

Dorothy Kinsman assisted Robinson and Alan Oakley, head of the business department, in this selection.

• Moved by D. Kinsman, seconded by J. Hunter that the Haliburton County Board

the Haliburton County Board of Education approve the appointment of Blinkhorn as a replacement for Doug Mitchell. His probationary contract will be for four months, effective Sept. 1 to Dec. 31, 1983. Carried.

• Moved by J. Hunter, seconded by Dr. B. Pierce that the Haliburton County Board of Education appoint Paul Morissette to the position of head of the History department of the Haliburton Highlands Secondary School, effective Sept. 1, 1983 -- for a two-year term. Carried.

Mr. Hodgson reported there are a number of positions that will have to be

Special education discussed

filled this summer, full-time lay-assistant at the Senior Elementary School; another full-time lay-assistant for the developmentally handicapped class at the Victoria Street School; probably two caretaking positions. He requested authority for the hiring committees for each school involved to proceed in the advertising and selection of the applicants involved to

of the applicants for these positions as they arise during the summer holiday period.

• Moved by L. Eager, seconded by B. Sisson that the Haliburton County Board of Education give authority to the hiring committee of each school to advertise for and hire staff, subject to board ratification, for the months of July and August, 1983. Carried.

• Moved by P. Wilson, seconded by K. Crick that the Haliburton County Board of Education deny the request

by Caroline Andrus to allow her child to attend kindergarten in September of 1984 as he will not be five years old until 1985. This position is consistent with board policy and with the Education

Act and the regulations made thereunder. Carried.

• Moved by K. Crick, seconded by L. Eager that the resignation of Bob Ackers as caretaker at the Archie Stouffer School be accepted, effective June 30, 1983. Carried.

• Moved by D. Kinsman, seconded by Dr. B. Pierce that the Haliburton County Board of Education appoint the following people to the positions of administrative assistant, effective Sept. 1, 1983, for a two-year term: Cardiff Elementary School, K. Finlay; Dorset Elementary School, Diane Claus; Gooderham Elementary School, Jane Miller; Victoria Street Elementary School, Eric Thompson, and Wilberforce Elementary School, Pat Clarke. Carried.

• Moved by J. Hunter, seconded by D. Kinsman that the Haliburton County Board of Education accept the leave of absence request from Barbara Lewis for the coming school year, 1983-84. The hiring committee is to consist of Mrs. Mumford, Mr. Hughes and Mr. Hodgson. The advertising for this position to be circulated in the Haliburton County papers. Carried.

• Moved by P. Wilson, seconded by R. Anderson that the Haliburton County Board of Education approve the transfer of Mr. Moss McCracken to the position of custodian at the Haliburton Highlands Secondary School. Carried.

Dr. Blair Pierce reported regarding the deliberations of the Cafeteria Committee. This committee consists of Blair Pierce, committee chairman; Leonard Salvatori, Stan Baker, Doug Hodgson and Dale Robinson. The committee had distributed a questionnaire to approximately 400 students and 237 replied. Of the 400, 36 said they use the cafeteria four or five times per week. About 225 would use the cafeteria if there was an a la carte menu offered. Some suggestions for this type of menu were: soup, salads, fresh fruit, french fries, hamburgers, milk, juice, submarine sandwiches, muffins, yogurt and full-course meals.

The Committee recommended that food services be tendered and hopefully a fee for the use of the cafeteria would be assigned. The Board would retain some

HHSS grads are honored

Earl Cooper's pipes provided a fitting tribute to the graduates of grades 12 and 13 from the Haliburton Highlands Secondary School Saturday night.

A huge crowd filled both halves of the gymnasium to hear speeches and see the diplomas presented.

The grade 12 graduates are as follows:

Grade 12 graduates

Adine Adams, Wade Adams, Lynn Allure, Michael Amyotte, Nancy Bagg, Heather Bailey, Lisa Bandi, Sheila Barnes, Kevin Barnum, Jenny Barry, James Bennett, Jane Bibby, Maureen Billings, Mark Blackburn, Craig Brown, Susie Brown, Stanley Brown, Kimberly Burke, Glendon Clarke, Lisa Congdon, Ernest Cooper, Esther Cooper, Harold Cowen, Mary Anne Daigle, Sherry Davis, Sharlene Denny, Timothy Deremo, and Ida Dewey.

Melanie Dewey, Ronald Draper, Janice Emmerson, Brenda Fearrey, Sean Finlay, Brett Foster, Helene Gervais, Karen Gillespie, Sharin Gilligan, Stewart Hall, Christine Hartin, Tracey Henderson, Valerie Henderson, Cammie Hillis, Sharon Howard, Cathy Howe, Debbie Ingram, Peter Jennings, Lori Ann Kellett, Duane Lennie, Michele Levesque, Donna Lewins, Carla Lichty, Kelly Linkert, Marla MacNaull, Diane Madill, Lori

Magee, and Helen Main.

Paul Mayo, Kimberly McDonald, Richard McGee, Gregory McKay, Karen Miller, Susan Milne, Craig Mintz, Victor Mitchell, Kirsten Monk, Louise Newton, Deborah O'Connor, Janette Oudenampsen, Joanne Penney, Laura Pockett, Jessica Powell, Lisa Rankine, Fredrick Roberts, Bradley Robinson, Maria Rosenberg, Karrie Schonberg, Andrew Shapiera, Tony Sinikiyi, Karen Smith, Stephen Smith, Lynne Stamp, Karen Stewart, Kristine Storey, and Jalna Stromberg.

Signe Tashlin, John Tejeur, Tracey Thompson, Bernd Tragert, Steven Tripp, Paul Upton, Tonia Varty, Paul Vuksic, Sherry Wessell, Timothy Wood, Jennifer Woods, and Scott Young.

Grade 13 graduates

The grade 13 graduates included Terrence Allure, David Bishop, Shane Blakey, Gregory Brown, Shelly Bull, Suzanne Carrell, Rick Choy, Peter Connelly, Terry Crowe, Jeffrey Foran, Stephen Hogg, Christopher Lodenquai, Stephen MacNaull, Jacqueline Miller, Duff Mitchell, Katherine Mosgrove, Michael Pearsell, Michael Pearson, Craig Saunders, Kevin Shapiera, Nancy Shipley, Wendy Sicard, Stephen Symonds, Catherine Tyler, Bruce White, James Wood, Cheryl Wright, and Dawn Wright.

Kathy Mosgrove of grade thirteen delivered one of the two valedictory addresses Saturday night at HHSS. She praised the ingenuity of her fellow classmates -- some of whom she said had managed "to cram five years of education into six."

The grade 12 valedictory address was delivered by Debbie Ingram. She wished all grade 12 graduates well, and hoped their future plans would work out for the best.

Here are the grade 13 graduates from HHSS. In the front row are Dawn Wright, Cheryl Wright, James Wooden, Bruce White, Cathy Tyler, Stephen Symonds, Wendy Sicard, Nancy Shipley, Kevin Shapiera. In the middle row are Craig Saunders, Mike Pearson, Mike Pearsell, Kathy Mosgrove, Duff Mitchell,

Jackie Miller, Steve MacNaull, Chris Lodenquai, and Jeff Foran. In the back row: Steve Hogg, Terry Crowe, Peter Connelly, Suzanne Carrell, Shelly Bull, Greg Brown, Shane Blakey, David Bishop, and Terry Allure.

Ontario Scholars at HHSS were honored at a ceremony Saturday night. From left to right are

Katherine Mosgrove, Michael Pearson, Bruce White, and Dawn Wright.

It's the end of grade 12 for these HHSS students. In front, from left to right are, Lisa Rankine, Jessica Powell, Laura Pockett, Joanne Penney, Janette Oudenampsen, Debbie O'Connor, Louise Newton,

Kirsten Monk, Victor Mitchell, and Craig Mintz. Visible in the back row are Susan Milne, Greg McKay, Rick McGee, Kim McDonald, Paul Mayo, Lori Magee, and Diane Madill.

These students are grade 12 graduates at HHSS. In the front row, left to right, are Marla MacNaull, Kelly Linkert, Carla Lichty, Donna Lewins, Lori Ann Kellett, Peter Jennings, Debbie Ingram, Cathy Howe, and Sharon Howard. In the second row are Cammie Hillis, Val Henderson, Tracey Henderson,

Christine Hartin, Stewart Hall, Sharon Gilligan, Karen Gillespie, Helene Gervais, Brett Foster, and Sean Finlay. In the third row are Brenda Fearrey, Janice Emmerson, Ron Draper, Melanie Dewey, Ida Dewey, Tim Deremo, Shari Denny, and Sherry Davis.

Editorial

Goodbye to Haliburton

It's a very strange feeling for this writer to sit down at the old Underwood and bang out my last editorial for the Haliburton County Echo.

The nine months I've spent here have been among the most enjoyable of my working life. Not only is the scenery fantastic, the air clean, and the lakes clear -- but the people of the county, and of Haliburton village in particular, are without a doubt the friendliest anywhere.

Living in Haliburton village was made extremely easy for me because of the kindness of the village citizenry. There wasn't a day that went by that I didn't have a chat with someone on the main street, or over the counter at the office.

The people of this county are responsible for the high quality of this newspaper.

Without your phone calls, your submitted articles, and your cooperation, the paper would be blanketed with dull government press releases.

It's your paper -- and you have kept it at a level that puts it head and shoulder above most newspapers in the area.

As an example, the newspaper I worked for in Pembroke received, on average, a letter every two weeks...and always from the same person! It's rare indeed here when we don't have two or three...and I've seen as many as seven or eight in a week.

It's usually very hard to come into a new area -- and mistakes can be made so easily in the first few months. I'm sure Dorothy "Bishop" will bear me out on this one!

I'll miss living and working in this area as I head out west to face a new challenge -- but I'll never forget what I've learned from the citizens of the county.

The main rule of thumb for a newspaper editor should be to honestly and accurately reflect what is happening each week in the community...and to do that well, he needs input from the local readers.

This paper has been a dream to work for. Thanks very much to the staff of the Echo -- Creighton Feir, Sandra Bishop, Donna Brohm, Terry Carr, Norm Greenfield, and Greg Bishop -- for helping me out over the months.

For the public at large, I can only envy you and wish you well -- since many of you will be spending the rest of your lives in the Highlands of Haliburton.

Regionalism in the county

The ongoing debate over the county mandate of the Haliburton Highlands Chamber of Commerce came to an interesting head last Wednesday.

County councillors will now have the rest of the summer to mull over the latest developments.

One very interesting factor which came up was that the businesses of Dorset generally belong to Muskoka - based Chamber groups. As Reeve Dalton MacDonald points out, it's a very difficult area for the local Chamber to service, stretching as it does all the way up Highway 60 into Algonquin Park.

In Cardiff we see the same problem.

Deputy-reeve Elgin Stouffer's best point made during the debate was simply this -- that areas like Cardiff, Bicroft, and Sherborne et al get little if any contact from the so-called core of Haliburton County. And perhaps, as a result, they tend to flock to nearby Bancroft (to the east) or Huntsville (to the north) for their shopping...and for the involvement in the local business community.

The local media is as much to blame for this state of affairs as anyone else. We can only speak for our paper, but it's certain that few copies of the Echo reach Dorset, Cardiff or Bicroft on anything approaching a regular basis.

As a result, such county concerns over regionalism would not be readily perceived by anyone leafing through the Forester or the Bancroft Times.

Dorset is not only a beautiful place to visit, it is a growing, well-known "tourist destination" spot. It fits in well with AHM and Lutterworth's concept of developing a tourism corridor along Highway 35. As well, a recent study has identified it as one of the leading growth areas in the county.

Yet, in talking with Dorset residents, there's a feeling of distanciation among them. Some talked openly of joining Muskoka District -- since, after all, students from Dorset and area attend high school in Huntsville.

We hear talk all the time of regionalism in Canada -- and we don't have to look far to see its effects locally.

It's up to the local media and the Chamber to get these areas interested in the county again. That's the only way we'll continue to grow together.

Good luck to the graduates

This week the schools in the county sent their graduates forward -- some to further their education, and others to enter the work force.

There were an awful lot of very proud parents last week at Archie Stouffer School, HHSES, and the high school.

What's interesting, and perhaps a sign of the times, is that more than a handful of the local graduates from grade 12 have opted for a college course in tourism-related studies.

They are obviously building for a future in their local areas -- and it's good to see our younger people staying on, rather than making an exodus to the city.

We're told time and time again that tourism should be the leading industry in Ontario by the year 2000.

Pond in Lochlin.

Letters

Cec Bailey has his say at last

To the Editor:

Don't knock freedom of choice or maybe just someday we won't have any. About ten years ago Readers Digest ran a story headlined "Make way for the metre - it will make life easier for us all." What in fact has happened is that mandatory metrification has cost billions and has made it very hard for many Canadians -- it's not conversion - it's confusion. You ask why we continue to assault metric. S.I., by the way, that they are trying to get us to adopt is not international.

Don't be fooled -- it definitely is not an expense exercise in pettiness and anti-metric nonsense!

In defiance of the wishes of most Canadians the government made overall metric mandatory despite the fact the U.S.A. has backed off. Canada does about 70 per cent of its total foreign trade with the U.S. -- and the U.K. has frozen switchover -- but you seem to think reverting back to Imperial would be futile. Let's get back to the government's original intentions -- freedom to choose. Are they afraid to admit they were wrong? Yes!

The Imperial system for normal everyday use fits us perfect -- the

gallon - quart - pound - foot - ounce - yard - mile and fahrenheit was part of our identity...and what a boring world it would be without it. It has served us very well and will continue to do so - let's not lose it! Leave metric where it belongs -- in the medical field and fine industry; the nation's schools should be teaching in both. The young and older would appreciate this. Since metric was introduced most of the public are totally confused; taken in; demoralized; dejected; depressed; and what's more -- damn mad!

Complaints about Imperial I never did hear. But many on metric -- oh, dear. Those who favor overall metric full steam ahead policy - good luck.

Despite our difference of opinion on this subject, I wish you well -- you have done a truly excellent job on this newspaper -- Haliburton's loss is Alberta's gain.

Best of luck, Martin,

Cec. Bailey,

Haliburton, Ontario

P.S. Don't sell out -- any scheme once universal is almost impossible to change -- after all, you can not be a beacon if your light don't shine. (We still love you Canada)

Reader not happy with PC convention

To the Editor:

Upon reading in the Toronto Star of Sunday, June 12 about the implications and repercussions of the recent Progressive Conservative Leadership Convention, I reflected back upon my past association with P.C. Members of Parliament from our own riding. I vividly recall a nomination convention during the 1940's when the late Clayton Hodgson was our sitting member and was seeking the nomination once more. George Hees came to Lindsay to endorse Clayt. Mr. Hees, Clayt, and a group of us loyal Tory supporters met at the committee rooms and marched down to the Academy Theatre where the convention was held, with the former leading the procession carrying the Union Jack. (That was in the days before we had the poor excuse for a flag that now

flies throughout our country). Clayt Hodgson won that nomination, that election, and many more down through the years, and he was a wonderful member, helping everyone regardless of political affiliation.

During the leadership convention, I watched with horror the horse trading occurring among agents and delegates trying to undermine Joe Clark's support. After the final vote was counted, I was particularly disappointed in the remarks made by John Crosbie when he blamed Maureen McTeer for his defeat and Joe, himself, for the fall of the short-term P.C. government. After all, it was Crosbie's budget that led to the vote of non-confidence!

I have had the pleasure of meeting Joe Clark, and was impressed with his ability and integrity. I feel he was the

Feir Play

Creighton Feir

First of all this week I would like to take this opportunity to welcome all the visitors who will be coming to the Highlands of Haliburton just to relax, play and above all enjoy this Canada Day weekend that's coming up. The weather up to this point has been very nice and lets hope that it will continue. Yes, the first big major weekend of the summer season is coming up, school is out and many people will be making preparations to come back to the Highlands of Haliburton for the weekend while others will be coming back to their cottages to stay for the summer months. For many of you it will be the first time that you have had the opportunity to visit our beautiful Highlands of Haliburton and we sincerely hope that you will enjoy your stay here no matter how short it may be and that you will keep on coming back. If the weatherman cooperates you will have the opportunity to enjoy many of the favorite summer sport such as golf, tennis, swimming, boating, hiking, jogging, you name it and we have it. If you are planning on staying for the two months of July and August we can guarantee you that we will have many events and attractions for you in every section of the county. You won't want to miss any of them. For many of you who will be coming here for the first time there is a good chance that this will be the first opportunity you have had to read our newspaper and we hope that you enjoy it. So come on back to the Highlands of Haliburton and take advantage of those lazy, crazy, hazy days of summer.

Canada Day will be celebrated in two sections of Haliburton County when Family Brown RCA Recording Artists will be performing at the Minden Community Centre and the annual Canada Day celebration will be taking place at the Recreation Centre at West Guilford. The day will feature everything from a horseshoe tournament to fireworks.

The owners and staff of Algonquin Graphics Limited, publishers of the Haliburton County Echo, held a farewell luncheon for editor Martin Biefer at the PineStone Inn and Country Club last Thursday. The staff presented him a beautiful gold quartz wrist watch. Martin, who has been editor of the paper here for the past nine months, has made a host of friends and he will be really missed as he heads to Wainwright, Alberta where he will be editor of the Star-Chronicle. His easy-going manner and wonderful personality made him a big hit with young and old alike. We wish him the best of luck in the future.

On Thursday evening June 16 Dr. Harry Good and the staff at the Dixie Lee in Haliburton played host to the weekly meeting of the Rotary Club of Haliburton in the new Dixie Lee Dining Room. A social hour followed by an exceptional seafood and chicken dinner made for a very satisfying evening. Thanks of the club for this outstanding event go to Dr. Harry Good, Ken Fielding, Al Irish and the Dixie Lee girls. The speaker at the meeting was Ron Thompson of Camp Mikashawnee, who is Executive Director of the Recreational Rehabilitation Society in Ontario. Mr. Thompson explained what the Society hoped to do at the former Hunter's Horn Inn property. He explained where they hope to fit in giving recreational holidays to children and young adults not able to obtain those from presently available facilities. He outlined an ambitious program of activities. His account of funding and other financial arrangements seemed to leave the club membership in a questioning mood. A lively discussion followed.

This Friday evening will prove to be a big night in Minden when Family Brown, RCA Recording Artists are coming to help them celebrate "Canada Day". The popular group with 26 chart records have also been voted entertainers of the year. They were voted top country group. They have been seen on the Tommy Hunter show, Grand Ole Country, Lively Country and HeeHaw. Yes they are coming this Friday night, July 1, to the Minden Community Centre and the doors will open at 7 p.m. with the Family Brown Show and Dance from 8 p.m. to 1 a.m. Sponsored by Minden Recreation Committee it is being held under authority of a Special Occasions Permit. Tickets are now available -- \$6 advance, \$7 at door. Mae's, Minden; Mike's Milk, Haliburton; Van Harteren's, Lindsay; Kelly's Emporium, Fenelon Falls; The Warehouse, Cobocok.

I would like to take this opportunity to offer my congratulations to Mr. and Mrs. Art Dawson of Haliburton, proud parents of a baby girl weighing in at 6 lbs, 1 oz, born at the Civic Hospital in Peterborough last Wednesday night. It's their first child.

The newly-formed Haliburton Horticultural Society have been very busy since they were formed just recently. If you travel around town you will notice several locations where they have planted flowers and especially on the main street with their many planter boxes.

On Tuesday, June 21, Art Ward, Joe Iles, Art Dawson, Mac Gadow, Stella McLeish, and Joyce Junkin attended a luncheon at Queen's Park with the Hon. Alan Pope and the Hon. Leo Bernier. The group sat in the house to see the Legislature in session and later on had an interview with Premier Bill Davis to discuss the riding of Victoria-Haliburton.

Pic of the Past

From 1865 to 1983 there have been four bridges spanning the outlet from Head Lake at Haliburton. The steel bridge in the photo was the second one constructed there, and served the village until the late 1930's when the third

bridge was put up on the west side of the old bridge. For many years, the steel and concrete pillars could be seen on both sides of the narrow waterway. The present bridge was constructed in 1964. Our thanks to Tom Hodgson of Oshawa for sending us this most interesting photo and the important information that goes with it.

From the Chamber

Lots to do for July 1 weekend, Chamber advises

At last week's board meeting a comprehensive proposal was presented by membership chairman Bob Jennings, and accepted by the board of directors. As of July 1, the Chamber membership will be billed on an annual calendar year basis versus an anniversary basis now in use. Members whose renewal date falls at other than January 1 will be receiving partial year billings to bring them in line with the annual billing date basis.

The renewal deadline will now coincide with the publication deadline for our annual directory and will therefore eliminate of carrying names of some members who may not have renewed their membership in the Chamber. The new program is also designed to cut down the administration problem in the office.

Fees have been increased very slightly this year and an initiation fee of \$10 for new members has been added. This initiation fee is designed to cover the cost of setting up a new membership providing them with a comprehensive membership kit.

Manpower Outreach gets two year contract

The Chamber-sponsored Canada Manpower Outreach Centre in Haliburton will now be working on a two-year contract instead of one. A review earlier this year done by Dr. Williams on all Outreach Programs is presently being reviewed by the minister of Employment and Immigration. One of the major recommendations in Dr. Williams report was that there was a real need for some longer term commitments by the commission to the financial support of Outreach projects. As an interim step in that direction, authority has now been obtained to permit two year contractual arrangements to be made with Outreach projects sponsors.

The Manpower Outreach Centre has proved to be a major asset to our community but it has always labored with this cloud of concern over its head wondering whether another year of funding will be provided. Going into two year contracts will certainly alleviate this concern considerably, and it is a move in the right direction by the minister.

Increase quantities of directories

Because the Chamber, this year, has come up with more ways to effectively distribute the Chamber Directory we find ourselves running out of them just as the summer is beginning. Not only did we distribute approximately 15,000 through the mails, but directories are also being distributed through the attractive distribution boxes in our members' establishments.

At the meeting of the board last week this concern was discussed and it was decided that next year we should produce 35,000 directories, up 10,000 from the previous level of distribution. The directories also will once again be produced in cooperation with Central Ontario Travel Association and Bruce Potter Agencies. The increased distribution of directories will of course cause a slight increase in advertising rates, but it should be a very cost effective increase. Walter Thomas will once again be talking to you about your advertising and he hopes to get on to an early start some time during the summer.

July 1 Celebrations

With everybody locally so busy preparing for a busy summer our area has been somewhat lacking in July 1 celebrations over the last couple of years but both West Guilford and Minden are now making up for that. West Guilford began two years ago with their Canada Day Celebrations and will be continuing this year with bazaar, bake sale, dance and a general good time. In Minden is a Family Picnic Theme, with a flag raising ceremony at 1:00 and events for the whole family running throughout the afternoon. There will be a giant bonfire and fireworks display in the evening and the Family Brown Stage Show will be running at the arena.

Sounds like a great day to kick off what appears to be a great summer.

This and That

Last week we journeyed to Windsor to take part in a "Marketplace" in cooperation with the Ontario Association of Convention Bureaux. We met with meeting planners and organizers from Windsor, Detroit and other parts of Michigan, and met with a tremendous reception. There is a good deal of interest in those regions in bringing meetings this far north to enjoy our solitude.

It may seem like the wrong time of year to be talking about cross country skiing but a group has been very active doing just that for several months now. The Haliburton Highlands Nordic Trail Association was formed following a public meeting hosted by the Chamber to address the problem of coordinating trails and trail promotion throughout Haliburton County. Watch for more details on their programs, and in particular watch for their advertisement in the coming Chamber newsletter planned for next week.

Merv and Helen Robertson were well known throughout our area for many years as the successful proprietors of Northern Eagle Trailer Park. Their daughter, Jeanna, never got the business entirely out of her blood apparently because she and Rick Pringle have now purchased the former Wilbermere Lake Resort near Wilberforce. They are changing the name to Moonlight Bay and are beginning to specifically upgrade the facilities to handle handicapped persons. All the facilities envisioned for this purpose will not be completed until this time next year, but they do expect to have some facilities available this summer. Former owners Bill and Jean Thomas will now be concentrating entirely on their Motorcross and Hill Climbing facilities further along the road. Bill is quite excited about this incidentally, since now in addition to hosting Canadian National Hillclimbing Championships he will also be hosting in August the County's first sanctioned 4 by 4 event.

The Lumberjack Inn in Dorset is a masterpiece of reconstruction and design which features all types of lumbering memorabilia in its decor. We are pleased to announce that new proprietors, Gerhard and Susi Schlenker are now on the premises and they are anxious to see many of you drop in for lunch, dinner or a visit. What a lovely way for you to top off a drive to Dorset.

other identification. The incidents are presently under investigation.

Thwarted break-in

Some time near 3:00 a.m. on Wednesday morning, an attempt to break into Kennedy Surplus store in Haliburton Village was made. A front window was broken and entry apparently was gained. Once inside however, the thieves triggered a burglar alarm, and this loud alarm made things too risky for them to stay and complete their mission. Nothing is believed to have been stolen and investigating officer P.C. Dennis Potter is working on the case.

Report from Parliament

Bill Scott, M.P.

Scott speaks out on regional economic expansion

In January 1982, the government announced the reorganization of departments. In June 1982, Bill C-123 was introduced in the House. It was in the form of yet another omnibus bill dealing as well with Crown Corporation reform and extension of the deadline for the completion of projects receiving incentives under the Regional Development Incentives Act.

The government agreed to consider each of these objectives in a separate bill. Bill C-152 was drawn up dealing with the reorganization of the Department of Regional and Economic Expansion, Industry, Trade and Commerce and External Affairs and Parliamentary Secretaries. The government then proceeded to implement the changes in department structure. This despite the fact that they did not bring the bill back for second reading until May 27, 1983. They proceeded without legislative authority or any consultations with the provinces. They simply ignored these two key elements of the process.

What will this bill do when passed? It will reorganize the government as follows:

- Responsibility for trade is transferred to External Affairs from Industry, Trade and Commerce

- A new Department of Regional Industrial Expansion is created out of the existing departments of Industry, Trade and Commerce and Regional Economic Expansion

- The mandate of the Ministry of State for Economic Development is expanded to include regional development

- A new Special Areas Act is established to deal with those DREE responsibilities that are not transferred to the Department of Regional Industrial Expansion

Also, the bill increases the maximum number of parliamentary secretaries by four and expands eligibility to include Senators.

In commenting on the proposal the 1982 Senate study on Government Policy and Regional Development stated,

"With the demise of DREE, there is no longer a federal department with the sole mandate of promoting development in the least developed region of the country. There is a risk that the Ministry of State for Economic and Regional Development (MSERD) and the Department of Regional Industrial Expansion (DRIE), which have responsibility for the prosperous as well as the least developed regions, may pay diminished attention to the latter."

Queen's Park

John Eakins, M.P.P.

Eakins discusses private members bill in the House

On Tuesday evening, June 21, the Ontario Legislature adjourned until October 11. No doubt many people will think that Members are on a great and extended vacation. However, the work carries on and in my case I will be busy dealing with constituency concerns. Also, there will be committee meetings at Queen's Park and these of course, go on without much public attention.

As chairman of our Rural Task Force, I will be busy this summer touring the province, meeting groups, organizations and individuals. In addition I will use this time to visit many in our own counties and have an opportunity to talk with you personally.

Even though the legislature does not meet, the work of our offices carries on and I invite you to call if we can be of assistance.

On Thursday, June 16, I had the pleasure of being the last member to present a private member's bill before the recess. As many of you are aware, my resolution discussed the pro's and con's of alcohol use and abuse. It was a useful

discussion and I was pleased that it was endorsed by the whole legislature. The intent of the resolution was simply to get the assembly to discuss this very important subject. They did, and now hopefully an all-party committee can be established to receive submissions from the public. I have been encouraged by the comments I have been receiving from various areas of Ontario.

Plant closings

According to draft legislation tabled by the Minister of Labour, when an Ontario plant is closed down, the employer will be forced to offer any job openings he might have in the province to the laid-off workers ahead of anyone else. The Minister stated that the majority of companies consider it good corporate citizenship to offer to relocate the laid-off employees, but that there have been a few "rather obstinate" employers who have refused to give such employees priority when it comes to hiring. The legislation is needed, he said, because of the problems older workers have in finding a new job when a plant closes.

Writers' Corner

Would you like to walk in my garden

Would you like to walk in my garden
If I show you the enchanted way?
Would you care to spend time golden,
Precious hours with nature's day?

Have you risen with the early sun,
Did you stroll all through the dew?
Have you heard the birds, as one by one
They sweetly greet the day anew?

Come, let's head into the sunrise
Filtering through the cedars' shade.
Come with me, we'll crest the hillrise
To see what splendour has been made.

Brilliant dewdrops, all aglow,
Aquiver with morning's early light;
How different from moon's gilded show,

That quiet radiance of the night.

On, down the hill; the other side
Is mossy, shaded, scarcely seen;
Beneath the spreading branches wide
The fern are all luxuriant green.

And see, the tiny stream, spring fed,
Beneath the rocks, along, then over
A sparkling bed of shining sand
These fresh, sweet flowing waters cover.

This green sward, spread beyond the trees,
I've called "The meadow of the deer."
Such graceful, lovely creatures these
Which come to browse here every year.

Now, up, into the shade of pine,
Through flowers growing all the way.
What variety in this 'garden' of mine,
With a different path for every day.

Jean A. Frazer
Gooderham

Back in days of Yore

Back in days of yore,
when Fred Freeman ran Banks store.
and the lumber business boomed all around.
You would hear a healthy yell,
and some would cuss as well.
When the cattle roamed the streets of our town.

Then W.R. came along tall slim and strong,
and he ran a livery stable in our town.
those days were wild and tough,
but he was man enough,
And we made him the reeve of our town.

In the winter we had snow lots and lots of snow,
and the roads they were very seldom plowed.
You would hear the jingle of the bells,
And sometimes a shanty yell.
As the boys drove their horses into town.

In the summer we had fun,
and the motor cars would hum.
As the tourists they came in from all around.
there were picnics and by chance,
some one would throw a dance,
There was always something doing in the town.

Now the hockey school is booming,
and the girls are all a-swooning,
as the hockey stars come in from all around.
Ken Hodge was quite a lad,
but the girls they felt bad,
He had a pretty wife to escort him around.

Now those horse and buggy days are gone,
remembered now by song.
And the cars and planes are buzzing all around.
Now there is T.V. black and colour,
but if you want to hoot and holler.
Buy a snowmobile and join the boys in town.

Edward Miller
Haliburton

Alberta Foothills

In those foothills of Alberta
Where the buffalo used to graze,
And the soursdough roamed the mountains
For gold nuggets was the craze.

Where the beautiful Bow River
Down the mountain winds its way,
And the indian brave and his maiden
Jumped the broomstick in their day.

Now the white man built his railroad
Along those Indian trails,
And through kicking horse pass
We travel to the ocean now by rail.

Now the white man has his highway
From the prairie to the sea,
And now his towns have sprung up
Where the Indian villages used to be.

Newmarket, was uninjured.

Young has been charged with careless driving, with driving without a licence, and with failing to ensure a passenger under 16 years of age wears a seat belt. Investigated by P.C. Wim Magee.

Damage Spree

Several mailboxes and signs were knocked down from their moorings some time last Tuesday night or Wednesday morning. The damage occurred on both sides of Lake Kashagawigamog.

Persons living in the area reported hearing loud voices and loud vehicle noises but could offer no

As Kim Roberts (right) guards a baserunner Nancy Maughan prepares to deliver a pitch in first inning ladies baseball action Monday night. The Haliburton Seniors (in white) lost out to the Haliburton Juniors in a close contest.

Minden Juniors, Haliburton Seniors slug it out in 15-15 tie baseball game

by LORI DEAN

There was lots of action around in ladies softball last week, with a total of seven games being played.

The most exciting one by far was a game played in Minden between the Minden Juniors and Haliburton Seniors, which ended in a 15-15 tie. It was a batter's field day with Lynn Wymans and Wendy Roberts hitting and playing well for Haliburton. In Minden's corner, Wendy Ballantyne and Cheryl Dillon hit well with Cheryl getting the tying run in the seventh.

The night before it was a different story as the same two teams did battle in Haliburton but this time Haliburton won a squeaker from the Minden Juniors 16-15. The Roberts sisters, Kim and Wendy were the power hitters for Haliburton with Kim collecting a home

run. Wendy Ballantyne had another good night for Minden playing and batting well. Nancy Maughan was the winning pitcher and Andrea Burk took the loss.

West Guilford added two more points to their total as they beat the Minden Dixie Lee team 9-6. This was another good game from start to finish with Bethany Woods and Michelle Rosenberg supplying the hitting power for Guilford. Michelle pleased the Guilford fans in the sixth inning with her triple off losing pitcher Ann Hewson. Sue Pye caused a few anxious moments for Guilford pitcher Joan McKay but Joan came out the winner.

Later in the week West Guilford journeyed over to Carnarvon and came back home the winners 23-2.

Bethany Woods had another good night at bat for

Guilford with her teammate Cheryl Cooper right behind. Joan McKay chalked up another win to her credit while Lil Gorvett took the loss.

Minden Dixie Lee got sweet revenge as they trounced the Wilberforce team 12-3. It was a well played game until the fifth inning then the bottom fell out for Wilberforce as Minden scored five runs to take the lead. Marg Fielding, Trish Slavik and Nelda Cully helped Minden in the run department with Nelda getting the win on the mound. Sue Musclove took the loss for Wilberforce.

In another contest the spunky Haliburton Juniors took on Wilberforce in their home park and collected five runs in the first inning to force Wilberforce to play catch up ball all through the game. Wilberforce finally came out on top 20-11. But

not without a few anxious moments. Kim Mumford, Jo Olszewski and Gail Krupa all crossed the plate three times for the winners while Marla McNaull and Tracy Harrison did the same for the Juniors.

did the same for the Juniors. Miriam Smith belted out two home runs for Haliburton and also shared the mound with Marg Smith. Sue Musclove was the winner in this one.

The Haliburton teams also saw action against each other last week with the Seniors winning a close one 14-9. Wendy Roberts and Nancy Maughan were the big bats in this one for the Seniors. Nancy Maughan was also the winning pitcher. On the other side of the score book Pam Iles and Michelle Harrison played well for the Juniors. Miriam Smith took the loss.

MNR sets fire guidelines for campers and cottagers

Ever wonder while at a cottage or camping, exactly what Ministry of Natural Resources Forest Fire Hazard Danger Ratings are saying? If so, here is a mini dictionary for you to clip and save.

There are four hazard ratings used by the Ministry, they are: low, moderate, high and extreme.

Low -- fine fuels, such as dead grass and leaves, or small twigs, require large heat sources like campfires to dry them out before they ignite. Fire spread is limited, and very slow, there should be no problem controlling a fire when the hazard is low.

Moderate -- fine fuels can be ignited by any open flame, i.e. a burning match. Fire spread is slow and should be easy to control.

High -- most forest fuels will ignite easily from glowing embers, burning cigarette butts or open flame. Fire spreads quickly on the ground and many spread into tree tops. Fires are difficult to control and some fire restrictions may be put into effect.

Extreme -- means Danger. All forest fuels ignite very easily from sparks, embers, or any fire source including lightning. Fire spread on the ground or in the tree tops is difficult to control. Fire or travel restrictions will be in effect if the extreme conditions persist.

No one can control the hazard conditions, they are determined by the weather. However, everyone can learn the dangers involved with forest fires and be extremely careful with fire at all times.

Fire permits

In the Lindsay District townships of Bexley, Belmont, Verulam and Dummer you must have a fire permit for any fire, other than for cooking or warmth, from April 1 to Oct. 31.

The Fire Permit system benefits both you and the Ministry of Natural Resources. When you obtain

the fire permit which is free you are informing the fire control office when and where burning will take place. This helps to eliminate unnecessary checking of reported fire and smoke sightings. The conditions set by the fire control office also help lower the chance of your fire getting out of control.

If your fire does get out of control call for professional help immediately, don't try to regain control alone.

For more information on fire permits and safe burning practices, contact the Lindsay District office Ministry of Natural Resources at 324-6121.

The basement of the church in Lochlin was filled to overflowing Saturday afternoon as the annual strawberry supper took place. Once again the event was a tremendous success, and scores of automobiles lined the Church Road in the hamlet.

Haliburton Lumber is now all alone at top of the heap

Haliburton Lumber is sitting firmly in first place after action in Haliburton Men's Fastball this week.

However, a battle is beginning to shape up for second place between Curry Motors and Beachli's.

Beachli Construction 11

Curry Motors 0

The "skunk" rule came into effect in this game, played last Tuesday night. Beachli's struck fast and early, and never looked back.

With the score at 7-0 play began in the Beachli fifth inning. Duff Mitchell singled with two out, and Wayne Speicher reached on a fielder's choice. Walks to Nicholls and Sisson kept the drive alive, and Wilson got an RBI on the fielder's choice. Mark Schell delivered another run with a single, and before the inning ended every one in the order had come to bat.

reached on an error, and Sisson and Mitchell scored. Nicholls was stranded at second.

Kevin Newell singled to lead off the fourth for Lumber, and came home on a two-out single from Rod Sisson.

In the Legion sixth George Nicholls reached on an error. With two out Lyle Sawyer was hit by a pitch, and Sid Cooper reached on an error

rolling in the second, reaching on a fielder's choice. Art Dawson reached on an error, and Earl Bull singled to bring in a run.

Jimmy Winn singled to bring home another run, and Bob Johnston singled to bring home a third.

In the fourth Lee Bull reached on an error, and later scored on an Art Dawson triple.

Rod Sisson singled to lead off the Lumber fifth, but was erased at second on a fielder's choice by Winn. Johnston flied out, but Bernie Nicholls kept things humming with a two-base hit. Bull reached on an error and Newell walked, setting things up for Hatkoski.

He smashed a three-run, inside the park homer with two out to put things well out of reach for Lumber.

Surplus managed two runs in the top of the fifth, after walks to Brian Mulholland and Dwight Sisson preceded a Gerry Walker double, but the Lumber bats produced three more in the bottom of the fifth (on a walk to Bull, a single by Sisson, a single by Winn and a double from Johnston) to make it a skunk.

Beachli's skunk Curry's

That left the count at 11-0, a "skunk" and another win for Mark Schell, who allowed just two hits in the shutout.

Haliburton Lumber 6,

Legion 2

The Lumber bats were swinging Tuesday -- and proved to be too much for a game team from the Legion.

The first scoring came in the top of the third. Rod Sisson led off with a single and Kelly Mitchell followed suit. After the next two batters went out Bernie Nicholls

to deliver the runs.

In the seventh, however, Johnston doubled, and was delivered by a one-out Mike Hatkoski single. Newell's triple scored Hatkoski, and Earl Bull sacrificed in Newell with the final run of the game.

Haliburton Lumber 12,

Kennedy Surplus 2

Thursday night saw another impressive display of hitting from the first place Haliburton Lumber squad. Mike Hatkoski got things

Dixie Lee soccer club drops 3-0 game

by JIM MILNE

The Dixie Lee soccer team lost to the Bracebridge Sun 3-0 last Sunday in Bracebridge. Two goals were scored in the first half, one from a penalty shot and the other from a corner kick. There seemed to be some breakdown in the club's system. The forwards didn't have many shots on goal.

Perhaps the club will use five forwards in the future and one less defender to score more goals.

This game marked the mid-point of the season and the team can look forward to a productive second half. The uniforms have arrived, the club has avoided last place by one point and the practices are well-attended, with

an average of 19 regular players for the eight practices held.

Two or three unregistered players have also turned out so that lively scrimmages can be played. We do welcome casual players to our practices.

The team will practice this Thursday in Minden at 7:00 p.m. and the following

Thursday, July 7 in Haliburton before playing the first-place club, Gravenhurst, at Haliburton, Sunday, July 10.

The Parry Sound club is anxious to organize an exhibition series with us for boys 14-16 years of age. Anyone interested in that should contact Jim Milne at 457-1848 for further information.

				J. Winn	19	7	.409

Shirley Hewitt (left) covers for shortstop Kim Roberts (centre) as a sliding Haliburton Juniors baserunner heads for second. The runner was out on the play, but the Juniors went on to defeat the Haliburton Seniors in Monday night action.

Information sessions set for Lindsay District Office

Information sessions to discuss detailed district land use guidelines will be held June 27 to 30, 1983 at the Lindsay District office of the Ontario Ministry of Natural Resources in Lindsay. The public is invited to review and discuss the guidelines with ministry staff at the informal sessions during regular office hours (8 a.m. to 5 p.m.).

Natural resources minister Alan Pope announced the completion of the land use guidelines June 2. As well as outlining ways to deal with resource issues, the minister announced 155 proposed candidate parks, including six wilderness parks that have been approved by Cabinet.

"These detailed documents will provide the public the study process," said Chuck Gray, district manager, Lindsay District.

He said the district guidelines will provide direction to ministry staff in the integrated management of for-

called it "a first for Canada and one of the most comprehensive studies of its kind anywhere."

He emphasized that the guidelines are not controls. "They are flexible, they may change as circumstances dictate and they are subject to continued public input."

The guidelines are important to Ontario, Pope said, "because they provide an improved framework for planning which will allow all Ontarians to take part in natural resources development to the greatest benefit of all."

Land use guidelines

lic, municipalities and interest groups with an indication of the ministry's intentions in resource management for years to come, and allow local ministry staff to explain the decisions made during

ests, fish, wildlife, mineral resources, provincial parks and recreational areas, and Crown lands and waters.

In announcing the completion of the resource land use planning program, Pope

Graduates

Nancy Grace Anderson B.A. (Hons.), daughter of Ross and Kathleen Anderson of Tory Hill, recently took part in the Spring Convocation at Queen's University where she received her Bachelor of Education. Nancy was a student at Haliburton Highlands Secondary School.

Virginia Rose Pockett, daughter of Mr. and Mrs. Richard Pockett of Haliburton graduated on Saturday, May 14 from Sir Sandford Fleming College. Ginny successfully completed the two-year Social Service program and she is busy at present coordinating the Home Help Program for Haliburton County Home Support Services.

Shelley Billings of Gooderham, daughter of Uriel and Irene Moxam of Minden, graduated from Georgian College of Applied Arts and Technology with the Diploma of Mental Retardation Counsellor on June 18, 1983.

Board discusses letter of complaint from Dysart ratepayer

From page 2
control over the portion sizes, prices and nature of the food to be served. Dr. Pierce had been talking with a dietician from the health unit, Leslie Orpana, who will send him information on nutritional foods for cafeterias and would like to help the committee select the a la carte items for the menu.

Dr. Pierce requested permission to set menu and advertise for tenders. Hopefully, all details will be taken care of for presentation at the August meeting for board consideration and ratification.

• Moved by R. Anderson, seconded by L. Salvatori that the Cafeteria Committee be given permission to proceed with the re-organization of the cafeteria at the secondary school, subject to ratification by the board. Carried.

Paul Wilson reported on the selection of a teacher for the Developmentally Handicapped Class at the Victoria Street School. The hiring

committee consisted of Nancy Stinson, Paul Wilson, Leonard Salvatori, Doug Hodgson and Ruth Gorrie. All qualified applicants were interviewed. It was felt that Corinne Haley was best qualified for the position because of her studies at university and her previous work experience.

• Moved by L. Mumford, seconded by B. Berry that the Haliburton County Board of Education ratify the hiring of Corinne Haley as teacher of the class for the developmentally handicapped at the Victoria Street Elementary School, effective September 1, 1983. Carried.

Bonnie-Lee Berry reported on the Children's Services Advisory Committee meeting held in May, 1983. Woods had requested that the committee consider hiring a part time secretary.

• Moved by B. Berry, seconded by L. Mumford that the Haliburton County Board of Education authorize the Children's Services Advisory

Committee to hire a secretary for the Case Co-Ordination Program, subject to ratification at the August meeting of the Board. Employment to commence on July 1, 1983 - rate of pay \$5.00 per hour on a contractual basis. Carried.

Mr. Baker distributed the budget comparison report to the end of May and answered related questions.

• Moved by J. Hunter, seconded by D. Kinsman that the expenditures for the month of May, 1983 in the amount of \$581,736.41 be approved. Carried.

• Moved by R. Anderson, seconded by L. Salvatori that Lynette Elstone's employment in the board office as a permanent employee, effective July 1, 1983, be approved. Carried.

Copies of letter from Bishop and Rogers, on behalf of the Municipality of Dysart et al., to owners of land on which beaver dams are located, were read and dis-

cussed. It had been thought these dams were the cause of the flooding in the field adjacent to the Victoria Street School. It is the opinion of the municipality that the responsibility for these lands rests with the owners. Paul Wilson has been acting on behalf of the board on this matter. He reported that there are a number of things causing the flooding, such as construction and changes in the contour of the land, which could cause the run-off to come directly to the creek, causing flooding. In the past there were trees and vegetation to impede this direct flow. Wilson is still monitoring the situation.

The members of the board accepted copies of the lawyer's letters and Wilson's statement as the report at the time. The members will await further developments.

Dr. Pierce reported he had received a letter from the other doctors of the county dealing with the issue of school bus safety. It included

a copy of a report from the Ontario Medical Association recommending that school buses be equipped with safety belts. The OMA School Bus Safety committee had received previous OMA recommendations regarding the installation and use of seat belts in school buses. In June, 1981 their council approved a recommendation that all school buses be equipped with proper restraint systems. The response to this recommendation from Transport Canada suggested that neither federal nor provincial legislation prohibited the installation of seat belts in school buses, however, the authority for such initiative fell within the purview of school boards. Therefore, the committee recommends to council: "That in the interests of student safety, concerned members of the Association urge their local school boards to ensure that seat belts are properly installed, adjusted and used at all times by occupants of

school buses." In 1980 the council recognized that it is unsafe to permit standees in school buses. The committee suggests that concerned members urge their local school boards to eliminate this practice.

It was pointed out that this board's policy on transportation forbids bus drivers to move while students are standing.

Dr. Pierce recommended an investigation to find out how many bus operators have buses with seat belts. He knows this would cost money but feels the board should be looking into this, getting facts and making a decision.

A letter was received from J.G. Stickland, a seasonal resident in the Municipality of Dysart et al. He wrote to complain about the educational portion of his tax bill. Mr. Hodgson was asked to reply on behalf of the board.

From page 5

Now the buffalo herds have vanished
That gave the Indian tribes their meat,
The white man he has killed them
For their hides and for their meat.

Now the white man is progressive
Though his way sometimes seems cruel,
And those Indian tribes live better
And their children go to school.

Now we reap a golden harvest
Where the prairie dust did whirl,
And our wheat goes through the foothills now,
To feed a hungry world.

Edward Miller

the Loon Shares His Loneliness

The loon shares his loneliness
With all on the lake,
The deer hides alone in the forest.
The moose stays aloof, in the tall willow stakes
While the 'coon hides by day, from the tourists.

The teen shares his loneliness
With friends in a field;
A wife drinks alone, thinks she's needless.
The elderly sleep, in a house nearly sealed;
Fridays, singles seek love, in an alehouse.

The loon is in harmony, with all on the lake,
The teen's only learned parody.
The wife with her mate, mutely wants unity,
While the elders need needing and dignity,
And the singles seek meaning and parity.

The ones who share loneliness with
Those who can't cope
Are calling to those on the lake.
They share and they care, to dispel despair
And bring beauty and meaning and hope.

Jean Wittman
Spruce Lake

Larmer wins it big

The NHL's rookie of the year was back home to Peterborough recently after a long hard season.

Steve Larmer, the grandson of Alf and Elsie McColl of Eagle Lake, took home the Calder Trophy after scoring 43 goals and adding 47 assists, in his rookie season.

He also won the Sporting

News trophy as rookie of the year.

Larmer, who played his first season with the Chicago Black Hawks, is the highest scoring right wing ever to play for the club.

According to an article in the Peterborough Examiner, he will be spending the better part of his summer playing a little golf.

Steinberg Park is now open on Haliburton's main street. From left to right are Coun. Dorothy Baker, Madge Thompson and Hazel Elliott. The park was

created by the municipality of Dysart in cooperation with Haliburton businessman Wes Good, and is located beside Steinberg's.

Senior League

by BERT HARRISON

This is Senior Citizens' Week. It started up here with vim! Doris loads the Hyland bus with residents from within, for they were invited guests at lovely PineStone Inn. They had a grand time, watching movies, playing games. They served a real nice dinner and such, they all said when they returned, they enjoyed it very much.

Service in the chapel Sunday night, the scripture was from the eleventh chapter of

Hebrews. Rev. Burgess spoke on the life of Enoch, who didn't see death for God took him. Enoch walked with God. We are sorry Helen Lee is not with us for a while, we really miss her cute wee smile. Joan Kernohan says if she has to clean and scrub without the help of Helen, she will end up with water on the knee.

We have Helena Brown here, by the way, "welcome Helen, we hope you like it here and decide to stay."

Rev. Westhaver of Minden United Church, who lives just across the way, conducted an interesting service in the chapel this June 21 day. Agnes Taylor came from Halls Lake, the music to play. Thank you both for coming, we would like to say.

Our open house and afternoon tea party were the same day, but the weather was so awfully hot, we are

sure some stayed away. For those who came enjoyed cold drinks, or hot drinks and strawberry shortcake, also a tour of our lovely home, most of them did make.

Tuesday night is music night, much pleasure they do bring, we phoned and asked them not to come, the heat might melt the fiddle strings.

Wednesday morning they

See page 9

Senior enjoy their recent bus trip

by FLORENCE ROBINSON

On Monday, June 20, nearly 200 seniors from various parts of Haliburton County, including residents of Hyland Crest and Extensicare, met at the beautiful PineStone Inn to enjoy a day of fellowship and fun.

In the morning our seniors had the pleasure of watching three movies - London's Famous Kew Gardens, The Ride, and Foxfire. After a delicious noon meal, games of euchre and bridge were played. Following cards the seniors enjoyed dancing to the sounds of D.J. Jack Gedney. Swimming and golf were also featured on

the agenda for the afternoon, for those who wished to indulge. After dinner some of the seniors enjoyed the fine evening by taking a walk on the beautiful grounds at the PineStone.

The day was such a success, that no doubt, everyone will be looking forward to the next senior citizen's activity day. Many thanks to the PineStone Inn, for the use of their beautiful building and grounds and to Haliburton County Home Support Services, who sponsored the event. Thanks also goes to our helpful volunteers, they made the day even more pleasant.

Aird will speak on behalf of the VON

Ray Smith, president of the Peterborough / Victoria / Haliburton branch of the Victorian Order of Nurses, announced last week the Lieutenant Governor of Ontario, The Honorable John Aird and Mrs. Aird,

will be speaking on behalf of the VON.

The local branch of the VON provides service throughout the three counties. Last year, they made 33,912 patient visits with a full-time staff of 14 and a part-time staff of 14. They are expanding the range of services provided to meet the health needs of the communities served. Smith indicated that further information regarding this event would be forthcoming late this fall.

have graciously accepted the VON invitation to attend their inaugural fund-raising ball to be held in Peterborough on Feb. 24, 1984. This is the first major fund-raising activity that the VON has entered into and the proceeds will be used to establish a profes-

Colors of Springtime

The greens of the Spring are really quite rare.
Beautiful shades beyond compare,
They are pale, yet so vibrant, so fresh and so clean
The prettiest greens I've ever seen.

The blues of the Spring are all clear and bright,
The skies have no clouds to block the sun's light;
The river's dark blue, not murky, but clear,
Its sounds are so happy at this time of year.

The white of the birches reaching up high,
The pretty white trilliums turning heads to the sky;
White is so hopeful, so pure and so clean,
Makes one feel rested and ever serene.

Yellow forsythia, daffodils too.
Wave as you pass by and seem to smile too;
Red of the tulips is our challenge to live,
Giving to others all the help we can give.

Brown is the earth upturned for the seed,
Sun and rain help, then crops will us feed;
Colours of Springtime our souls can restore,
If beautiful pictures in memory we store.

Joy M. Ballard
Wilberforce, Ont.

Manipulation

Profit equates with scarcity.
Prices on the rise,
Profit, folks, grows fatter,
The shorter the supplies.

But wealth equate with plenty,
The good things we produce.
Wealth lies in abundance,
The things we put to use.

And science has provided
Mankind with the key,
Potential to abundance,
And this means, Folks, that we

Are standing now at Caanan's gate,
As lovely as a jewel,
And there before us see a land
So rich, so beautiful.

But there's a dragon at the gate;
It's lying in the way.
It's one we must identify,
And one that we must slay.

Bill Watson
RR2 Minden

Nonsense

Our economist he gives
All us folks alternatives.
He'll admit it is no breeze,
But at least he gives us these -
Wait for something to turn round,
Or up, or merely back down to the ground.
But if it's round, it just can't fail,
We'll be chasing our own tail.
And if that's so well I declare
We're not going anywhere.

Bill Watson

'Gifts for all Occasions'

Derry Wilford has taken a position at the local branch of the Bank of Montreal in Haliburton village. He's no stranger to the area, having worked here previously -- and the Echo welcomes him back.

Senior League

From page 8

loaded the bus, and taking off once more went up to Dorset to shop in Robertson's store, then had dinner beside the lake, what could they ask for more.

Dear Yvonne, when we didn't see in the "Times" any news for "County Town" and you're in the hospital all bedded down, we want you to know we really miss your letter, we want to wish you all the best and hope you'll soon be better.

Our girls put on the tea party Thursday afternoon with the help of Florence Robb, served it up so nicely and did a real good job. Doris made a lovely birthday cake for those born in the month of June, and gave a piece to all the rest, then the Ham Browns who were our special guests. They surely did

"ham" it up. Mrs. Brown was a scream. She had a big boil on a place that you would never dream. The Browns live at Lutterworth Estates and the way they entertained us was simply great.

Some members of the Kinsmen Club put on a bingo each Thursday night, always someone to see its done just right. We don't always get the caller's names, but we thank you for coming and call the bingo games.

Friday afternoon the "Fenelon Gals" came to Hyland Crest once more, remember how they entertained us when they were here before? They are senior citizens, but don't show their age especially when they are acting up on the stage. They sang and danced and whooped it up, and really

had a ball, we thank the Gals for coming all the way from Fenelon Falls.

Sorry to report that Ralph Daniels is in hospital as I write this letter, we hope he will be back here soon and feeling much better.

Well Senior Citizens Week is over and we would all like to say a big thank you for Linda and Doris, for providing good entertainment for each passing day.

God wrote his loveliest poem on the day he made the first silver poplar tree, and set it high upon a pale gold hill, for all the new enchanted earth to see. And then God took the music of the wind and set each leaf aflutter and a thrill. Today I read this poem word by word among the silver poplars on the hill.

A new manager at Bank of Montreal

The Bank of Montreal is pleased to announce that Derry Wilford has been appointed the Commercial Banking Manager for the area, resident in Haliburton. Wilford was Branch

Manager here from 1971 to 1974. The new Branch Manager is to be Les Hills, who will be moving from Sudbury.

To better serve the small and medium-sized in-

dependent businesses, The Bank of Montreal has created the Canadian Commercial Banking Division that will operate a number of Commercial Banking Units across Canada.

New BIA member appointed by council

Anson, Hindon and Minden council met June 23 with Reeve Lyle McKnight in the chair.

Present were Deputy-Reeve E. Pergolas, Councilors P. Burk, G. Kenney and D. Stevens, MLEO R.C. Schell, and Clerk-treasurer E. Burke.

Resolutions

- Moved by P. Burk, seconded by D. Stevens that the minutes of the meeting held on June 9, 1983 be approved as circulated. Carried.
- Moved by D. Stevens, seconded by G. Kenney that Brian Adamson be appointed to the Business Improvement Area Board of Management to replace the vacancy created when Bob MacBrien ceased to operate his business. Carried.
- Moved by G. Kenney, seconded by D. Stevens that we accept Tim Pritchard's application to participate in the Internship program. Carried.
- Moved by E. Pergolas, seconded by G. Kenney that pursuant to By-law 71-19 approval be given to the Canada Day committee for the fireworks display proposed for July 1, 1983 in

Minden Approved Park. Carried.

Pursuant to a letter received from Reginald Welch current caretaker advising of his resignation, Council agreed to place an ad for caretaker with duties to commence on September 6, 1983.

Anne Dragicevic and Ayleena Antoniszyn of the Community Planning Advisory Branch of the Ministry of Municipal Affairs and Housing were in attendance to review with council the draft terms of reference with respect to the official plan documents. Several amendments were made to the draft terms of reference for example under section 11 "Potential Community Improvement Area" council agreed that certain areas to be improved must be identified, general goals and specific objectives must be set and the consultants made aware of the BIA Cause Study and the Gull River approved Park Plan which have been prepared. Section 18 is to include Crown Lands with respect to a wilderness management area. Section 19 is

to examine certain resources and the management of the resources. Section 20 is to note that granite is a resource.

Stage 3 -- preparation of Draft Official Plan: to be amended to note that the township will mail draft plans to the various agencies through its consultant and plans administration will mail any subsequent copies to agencies. Plans administration is to be notified of the agencies comments also the township solicitor is to be notified.

It is to be clarified that the public meeting is to be organized and officiated by the Consultant rather than the township.

Section IV meetings -- at Stage I it was suggested that two meetings with council would be necessary. And as well to request monthly reports from the Consultants regarding the status of the file. Stage 2 would also require two meetings with council. Stage 3 could also involve two meetings which would also include Ministry of Natural Resources and Ministry of Environment. It

was agreed that the minimum number of meetings be increased to twelve.

Section V Costs - It was agreed that 15 copies of summary reports for stages one and two would be required.

Meetings were then arranged to select a number of consultants who should receive a copy of the Terms of Reference and request a proposal reply by July 20.

Reeve McKnight declared an interest in application number seven, Coun. Stevens declared an interest in application number four and Coun. Kenney declared an interest in application number 12 and each refrained from discussion or voting on their individual application.

- Moved by E. Pergolas, seconded by P. Burk that application numbers 4 to 16 for 1983, drawn pursuant to Section 496 of The Municipal Act, R.S.O. 1980, as amended, be approved in the total amount of \$2,205.64. Carried.

The Clerk was authorized to order five hundred lapel pins in three colours from Littlepines in Rodney, Ontario.

The local Katimavik Advisory Committee met recently to go over their plans for the coming summer. From left to right are Coun. Dorothy Baker, "B"

Rootham, Chris Lynd, Betty Smith, and Gaylene Johnson.

Seniors enjoyed their visit to Orillia

On a hot June 22 day, the bus chartered by Minden Women's Institute left our town for Orillia. The lovely scenery in all it's greenery passed us and we then turned in to see the Stephen Leacock Home on the pleasant shore of Old Beery Bay.

We went through this home of our world-famous humorist and could see where he had done his writings. The guide had told us that Sunshine Sketches had recently been translated into Chinese and was popular there. After this on to Bay-

field Mall in Barrie for shopping and our noon meal. After this we went on to our tour of Molson's Brewery. Here we learned of the brewing industry with very efficient guides. Then were made welcome at their lounge where all enjoyed

their brand of beer or pop with the sandwiches and relishes. While here we also saw their movie on John Molson and at the end of this the familiar commercials. Then on board again and on our way and all agreed it was an entertaining day.

Card games benefit Minden County Town Museum -- and card players

Recent winners of Wintario tickets at Thursday afternoon museum card parties were as follows --

June 16 - Hilda Harrison, Irene Houghton and May Wright. June 23 - Verna McDonald (on a cut), May

Eldridge and Jeanne Sears. These card parties are for everyone and proceeds go to the museum fund. They

are held at the Library Cultural Centre at 1:30 on Thursday afternoons. Come out and support

NOTICE

In the matter of The Municipal Act and in the matter of a proposed by-law of the Municipality of Dysart et al to stop up, close and convey part of the original allowance for road along the shore of Haliburton Lake in front of Lot 11, Concession VI in the Township of Harburn in the County of Haliburton.

NOTICE IS HEREBY GIVEN pursuant to Chapter 302, Section 301 of The Municipal Act, as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, July 11, 1983, a By-law to:

FIRSTLY:

Close, Stop-up and Convey Part of the Original Allowance for Road along the shore of Haliburton Lake in front of Lot 11, Concession VI in the Township of Harburn, County of Haliburton, designated as Parts 1, 2 and 3 on a draft plan of survey by Bishop and Wilson, Ontario Land Surveyors, dated April 2, 1983.

SECONDLY:

To Close and Stop-Up Part of the Original Allowance for Road in front of Lot 11, Concession VI in the Township of Harburn, County of Haliburton, designated as Parts 4, 5 and 6 on a draft plan of survey by Bishop and Wilson, Ontario Land Surveyors, dated April 2, 1983.

AND WHICH SAID parcel or tract of land may be further illustrated shown in heavy outline on a plan of survey by Bishop and Wilson, Ontario Land Surveyors, dated April 2, 1983 and available for inspection at the Township Offices of the Municipality of Dysart et al, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said by-law at its meeting to be held at the time and place above-mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said by-law and who applies to be heard.

DATED at Haliburton, Ontario this 8th day of June, 1983.

Youngsters from Haliburton County have strong views against smoking

Smoking has of late become a very controversial subject.

Not that long ago, it seemed that the majority of adults smoked -- either cigarettes, cigars, or a pipe. That trend seems to have changed.

Many people today hold rather strong views on the subject.

With that in mind Janet Smith, executive director of the Victoria-Haliburton Lung Association, asked Haliburton County school children for their views on smoking for the Ricky Raccoon Anti-Smoking Program. Their answers took the form of letters to the editor and poems -- and are reprinted here in their entirety.

Smoking

So if someone here is thinking about smoking. Just think what it's like to really be choking. You might think that you are really being cool. Don't let anyone kid you, you're only a fool.

Kimberly Card

Grade 4

Cardiff School
A Bad Habit

Smoking is a hard habit to break. And I'm telling you this for your own sake. So if your super, super smart, You'll be sure that you don't start.

Leigh Woods

Wilberforce E.S.

Not a Joke

Smoking is bad for your heart. But you might think it is smart. If I were you I wouldn't smoke. Because I don't think it is a joke.

Gregg Hunter

Gooderham Elementary School

Grade Four winner Smoking

Smoking is really really bad. Even for your Mom and Dad. Especially that tobacco. That drives us non-smokers whacko. People who smoke are sure to choke. As their lungs fill up with tar. Then some day, They're sure to say, I think I've gone too far. So you better quit. If you want to keep fit. And don't smoke anymore.

Craig Youngdale, 4A
HHSES, Haliburton

No smoking round here. Stay away! Don't come near. The smell of smoke makes me sneer. Please!!

No smokin' round here.

Jenny Debes 4B

HHSES

Haliburton

To the Editor:

If you are an adult and you've been smoking a very long time chances are you might die very soon from certain diseases.

Your lungs may not be functioning right. And if you have any diseases they are very hard to cure if you've been smoking. If you have had a harygetomy you will have a hole in your throat and you cannot go swimming.

Yours truly,

Sonya Cooper

Archle Stouffer E.S.

Dear Editor:

Smoking, in my opinion, is a very bad habit. From what I can see, people spend large amounts of money, seen to cough more than they should and complain about yellow-stained fingers. I notice the smoke bothers many other people sitting in the same room also. My health is very important to me. I wouldn't

want to get cancer, lung disease etc. So I choose not to smoke.

If someone asked you if you wanted a cigarette, what would your decision be? It is up to you. It's your body. I hope you choose the right answer.

Yours sincerely,

Cindy Shaw, 5A

HHSES, Haliburton

To the Editor:

I am very honored to tell you how I can try to prevent smoking. Young people and old start smoking. I think old people do it because it gives them something to do. Young people probably start because they think it is cool. You never see the Fonz smoking on the show Happy Days, do you?

Smoking causes diseases such as cancer, emphysema etc. If you smoke, it's too hard to stop. If a pregnant woman smokes, her baby is in danger. It is not just hurting you; so remember that when someone shoves a handful of cigarettes at you. Some people must have you smoke before you can be their friend. Making up excuses like "my old-man smokes and he's 87." Stop! Some people are lucky so make your decision. You might or might not have that rabbit's foot with you.

Sincerely,

Kim Pockett, 5B

HHSES, Haliburton

To the Editor:

I don't like to think about smoking because your clothes smell and your teeth turn yellow. Not only that, you're hurting your lungs. There are so many diseases to go along with smoking like lung cancer and emphysema, and so on. Smoking is also hazardous to other people not smoking the cigarette -- because they inhale the cig-

arette smoke.

Yours truly,

Cheryl-Ann Russell, 5A

Archle Stouffer E.S.

Dear Editor:

A lady came to our school on April 25 to talk about smoking. She also showed us a film about smoking. There was a man in the film who had to carry his own oxygen supply, who couldn't even blow out a match and had a hard time going up stairs, all because of smoking!

I know enough not to smoke when I get older because it ruins your lungs and life. People who smoke have teeth that are yellow and I don't think that new smoker's tooth polish could remove the stains from their teeth. They also tell me that smoking ruins your sense of taste!

The people that smoke usually have bags under their eyes and always look tired. I sure don't want that junk when I grow up. All I can say for people who do smoke is, "Quit while your ahead, don't ruin your life!"

Jeff Stamp 5C

HHSES, Haliburton

To the Editor:

My opinion on smoking is: when you don't smoke you can play games longer; you can breathe a lot better, you don't have to worry about fire. Then you wouldn't have to go around smelling like cigarettes.

The cost of cigarettes is high. Cancer -- like lung, throat, mouth etc. -- you would not have to worry about. That's a few reasons why smokers should stop smoking. I saw a man on a film that had emphysema. He could not even blow out a match. That's a pretty good reason why people should stop smoking.

Graduates

It was a proud moment for these grade 12 graduates at HHSS Saturday. From left to right are, Scott Young, Jenny Woods, Tim Wood, Sherry Wessell, and Paul Vuksic. In the middle row are Tonia Varty, Paul Upton, Steven Tripp, Berndt Tragert, Tracey Thomp-

son, John Teljeur, Signe Tashlin, Jalna Stromberg, Kris Storey, and Karen Stewart. In the back row are Lynne Stamp, Stephen Smith, Karen Smith, Tony Sinikivi, Andrew Shapiera, Karrie Schonberg, Maria Rosenberg, Brad Robinson and Fred Roberts.

These smiling students have graduated from grade 12 at HHSS. In the front row, from left to right are Harold Cowan, Esther Cooper, Ernie Cooper, Lisa Congdon, Glen Clarke, Kim Burke, Stan Brown, Suzie Brown, Mark Blackburn, and Maureen Billings.

In the back row are Jane Bibby, Jamie Bennett, Kevin Barnum, Sheila Barnes, Lisa Bandi, Heather Bailey, Nancy Bagg, Mike Amyotte, Lynn Allore, and Ward Adams.

Young farmers to attend leadership camp

Lori McRae of Woodville, and Graham Dyer of Dunsford have been selected from Victoria County to attend a Provincial 4-H Leadership Camp.

Senior 4-H members from across Ontario attended camp at Olympia Sports Camp, June 20-26.

Lori is the daughter of Pat and Lorraine McRae. Graham is the son of Bryan and Barbara Dyer.

All delegates to the camp develop skills in leadership and communication. Ninety young people representing the counties, regions and districts of Ontario have worked together for the week.

The program is held under the supervision of the Ont-

ario Ministry of Agriculture and Food staff. 4-H Financial Management Club Scholarship Winners Announced

Five 4-H members with the highest scores in financial management regional

competitions will receive \$350 education scholarships, Agriculture and Food minister Dennis Timbrell announced recently.

Winners of the scholarships are Julie Bumstead, RRS, Owen Sound; Graham Dyer, RR2 Dunsford; Frank Farkas, RR3 Harley; Chuck Fiss, RR1 Ashburn; and Scott Jer-

me, RR1 Hawkestone. The scholarships will be awarded when the winners enroll in an agriculture, home economics or business course.

The five were among 1,300 young men and women, 16 to 19, who participated in the

achieving more than 85 per cent in the quizzes and exercises at the regional level," said Timbrell.

"Topics covered included balance sheets, partial budgets, income and expense statements, cash flows and actual case studies."

This 4-H program was the first course offered to both 4-H agricultural and home-making club members.

"The 4-H financial management program is part of the ministry's overall plan to sharpen financial management skills," said Timbrell. "By arming young people with these practical skills now, they will be better equipped to operate the farms, homes and businesses of the future."

The scholarship winners demonstrated their financial management skills by

County farmers gear for market

by ERNEST HILLS

The evening was hot and sultry, as it has been this past while, and the mosquitoes persisted in a more dogmatic fashion given the extent of the feast. The occasion was the June meeting of the farmers association and in keeping with the topic the sun went down in the vibrant red of ripe berries.

Over 30 people gathered in a tour and discussion centering on growing and marketing small berries. The large turnout once again demonstrates that this is another aspect of Haliburton agriculture which is growing in leaps and bounds. Raspberries, strawberries and blueberries have all caught

pH levels of more scientific approaches to gardening in general.

The excellent turnouts of late for the Farmers Association meetings has more than amply demonstrated the burgeoning and diversified interests in agriculture hereabouts. As these groups grow and pursue their own objectives and interests it is hoped that there remains a nucleus of relevance within the Farmers Association, which will have to re-evaluate its position at the centre of agriculture in Haliburton County. And that within the context of the economic base of the County agriculture will have to take a more prominent place and seek a more

Coming July 2

the farmers imaginations as excellent cash crops with unlimited potential for sales (with an excellent enhancement for the farmers market I might add).

The tour commenced at the farm of Bill and Joan Moore, where those in attendance viewed blueberry and raspberry plants in various stages of development. At the home of John and Betty Lonsdale the group toured a strawberry and raspberry plantation which has been longer established. Our thanks go out to both the Moores and the Lonsdales for allowing the inquisitive throng to tread among their horticultural endeavours.

Special thanks goes to Mr. Bev Ellis, area horticultural crop advisor with OMAF, who operates out of the Bowmanville office, and who graciously attended as guest speaker. It has always struck me as novel when the old guards' 'tried and true' methods converge upon the

cooperative position within the framework of the broader economic base. End of soap-box journalism....

Don't forget that Saturday, July 2 is the start of the farmers market in Minden. It is tremendously exciting to see the scope the market is taking this year. Unfortunately even this past spell of hot weather won't be enough to spur the gardens on in order to provide much in the way of fresh produce for opening day. However there will be lots of other farm products, which will hopefully maintain the consumer interest until the summer brings forth the bounty of the garden.

And finally a reminder to the Highlands Goat Society, that the next general meeting is Sunday, June 26 at 2 p.m. in the Norland Community Centre, where guest speaker Dr. Peter Bennett will be addressing the topic of herd health. See you there!

Plenty of books at library

by MARY HADLEY

Last week there was another exchange of 200 books at the Glamorgan library. As well as an excellent selection of every type of fiction, the librarian received a good selection of non-fiction, including four biographies: Hank Williams, who changed

country and western music into a national mania; Charles Boyer, "The Great Lover", in films of the thirties and forties; Mary Pickford, the Toronto girl, who became America's sweetheart, playing 200 roles in the formative years of films

Ron Horton of the Ontario Motor League (second from left) presented a plaque to Curry Motors last weekend marking their 60 years in business. From left to right are Joe Iles, Ron Horton, Len Salvatori, and Don Popple.

Over \$2.7 million earmarked for SSFC

Sir Sandford Fleming College (SSFC) has received \$2.765 million from the provincial government to construct a Centre for Integrated Manufacturing (CIM) at the Brealey Drive location of the Sutherland Campus in Peterborough.

In a recent announcement by Bette Stephenson, Minister of Colleges and Universities, SSFC was named one of six Ontario community colleges to receive capital funds from a total of \$14.5 million allocated to the Ministry's Skills Development Division. The decision is part of the government's recent budget initiatives designed to stimulate economic recovery.

According to Stephenson, the primary purpose of the allocation is "to stimulate job creation, specifically in the construction industry, in the communities with high unemployment rates. Secondly, it will permit colleges to upgrade their facilities in order to enhance the quality of their programs."

The computer-based manufacturing facility was the top priority in SSFC's capital request. Deliberations regarding the distribution of a further 30 million dollars for additional projects are currently taking place. The College's second priority is to

establish a Centre for Advanced Resource Measurement and Assessment at the Frost Campus in Lindsay.

The CIM will allow SSFC to consolidate, integrate and enhance already existing activities and programs in the fields of computer assisted manufacturing, computer assisted design and integrated manufacturing. "It will provide one of the most impressive vehicles for training students and other clients for the factory of the future," said College President Charles Pascal. "It will also alleviate considerable space problems at our Sutherland Campus."

"The government's decision to fund this project reinforces the quality of the education we provide and the professionalism of our educators who provide it," Pascal said.

"The bricks, mortar and equipment are important symbols of our real work here, providing new opportunities for our students so that they may deal comfortably and securely with an ever-changing future."

Construction of the extension to the Brealey Building, which will include a lecture hall, laboratory facilities and classrooms, is expected to begin in September.

Rails' End Gallery prepares for summer

by MARNIE BLAIR

This summer, with its major exhibitions, children's program and fund-raising events, is sure to be an exciting one at Rails' End Gallery. The Gallery will be closed from Tuesday, June 27 through Thursday, June 30 in order to prepare for two upcoming major exhibitions.

On Friday, July 1 at 1 p.m. the gallery doors will open for the first visitors to the "Faculty School." This multi-media display of works from the Faculty of the Haliburton School of Fine Arts is a fine example of the varied talents available as instructors at the school. Spending a week (or two or three) at the school is a great way to enrich one's summer in beautiful surroundings. Either Rails' End Gallery or Sir Sandford Fleming, Haliburton campus, can provide more information about the Faculty Show and the School of Fine Arts. Or, even better, plan to drop into Rails' End to see the Faculty Show.

The entire membership of the Haliburton Highlands Guild of Fine Arts is gearing up for what is a summer tradition -- The Summer Exhibition and Sale. Opening night will, however, this year break with tradition. Rather than opening on Friday evening, the Summer Exhibition will open on Thursday, June 30 at 7:30 p.m. at Haliburton Senior Elementary School. Entertainment will be provided by the Haliburton Highlands Pipes and Drums and the Choral Society. Opening night at the Summer Exhibition is, as those who have attended it know, an event not to be missed!

The first full day of the summer exhibition coincides with Canada Day, July 1. With this in mind, the Guild is celebrating Canada Day at Head Lake Park in Haliburton.

While the bandshell will be the source of musical entertainment from 1 p.m. to 4 p.m., clowns will perform their antics in the park. And, at 3 p.m. a special "Happy Birthday" Canada cake will be served. Should be a fun afternoon for all, plan to come out and join the fun!

Something to keep in mind throughout the Summer Exhibition is the Art Auction, to be held on Saturday, July 16 at the Haliburton High School. The art works will be on display throughout the Summer Exhibition. With artists like Robert Bateman, John Joy, Cassandra Wysocki, Gordon Peters and Andy Donato contributing the Auction promises to be exciting.

Royal Canadian Legion holds general meeting

The Royal Canadian Legion, Branch 129, held a general meeting on June 2, 1983, chaired by President Bruce McKay.

The following associate members were initiated -- Shirley Johnson, Joyce Ross, Irene Higgins, Gerald Irish, Peggy Humes and Joan Hobson.

After the general business, it was agreed to have the executive carry on with business until the next general meeting on September 1 at 8 p.m.

In the meantime, join your friends for excellent bingo on Wednesday nights, and be sure to attend the Legion Carnival on July 20. Watch this newspaper for full details.

Members are busy selling tickets for the \$1,000 draw. Remember to return your money and stubs to the Branch prior to the Carnival.

Saving the Niagara ridge

by ARLIN HACKMAN

Fed. of Ont. Naturalists

It took millions of years for Ontario's most scenic landscape to emerge as a ribbon of craggy forested rock, winding its way from Queenston to Tobermory. But the Ontario government may effectively undo that history this year if it accepts the recommendations of a hearing board convened to review

the first comprehensive plan to protect the Niagara Escarpment.

The natural splendor of this rugged curtain dividing southern Ontario has been praised for a century by visitors who come from all over the world, to hike the 450-mile Bruce Trail, and enjoy waterfalls, rare plants and many caves along the

An outside look at the county

When you're living full-time here in Haliburton County, it's sometimes easy to lose sight of what the "other half" thinks -- that is to say, what vacationers make of our home territory.

Last week I had the good fortune to run into a pair of newly-weds from the Burlington area. They were, indeed, a unique couple.

For Charlie (short for Charlotte) and David were getting married for the second time around, and they had chosen the Wig-a-Mog Inn on Lake Kashagawigamog for their honeymoon.

Charlie and David were, without exception, the nicest people I've met in a long time. They had a rather interesting life story. For years and years they had lived on the same block...and in fact, David's daughter

(from his first marriage) had married Charlie's son, before David's wife died and Charlie's husband passed on.

In other words, after quite a few years alone, (and several months of courtship) the two grandparents had decided to get married.

The couple were in their fifties, but they might just as easily have been in their twenties.

They were worried about what their family might think -- but found that "the kids were behind us 100 per cent."

Fresh from a wedding last Saturday, they arrived for a week's stay at the Wig-a-Mog Inn -- and they had nothing but praise for the Inn, the area, and the beautiful scenery here.

The Echo salutes the happy couple -- and reminds everyone who lives here all year long just how fortunate we are.

Minutes from Galway and Cavendish council

The seventh regular Galway and Cavendish council meeting was held on June 11 at 10 a.m. in the township office. Present were Reeve Carl Brickman, deputy-reeve Jean MacLellan, and councillors Roy Carswell, Harry Stuart, and Henry Nokes. Staff Joan McCausland, clerk-treasurer was on hand and visitors were Norman Gordon, Dave Pettit, Susan Wood, Michelle Gavine of the Ministry of Natural Resources, and John Robertson, ratepayer.

Resolutions

• Moved by Nokes, seconded by MacLellan that the minutes of the May 28 council meeting be deferred until the next regular meeting. Carried.

Mr. Gordon and his colleagues attended the meeting to discuss the Lake Management Planning pilot project that will be conducted

in Galway Cavendish this summer. It was explained that each area would be completed individually and then the data compiled to form the management Planning for the area, including creeks and rivers that are upstream and down stream from a given lake.

MR. John Robertson attended the meeting to explain how he planned to conform with the regulations out in the Official Plan and Zoning By-law pertaining to a "Certificate of Occupancy" to occupy his residence on a full time basis.

• Moved by Nokes, seconded by Stuart that the agreement between Mr. and Mrs. Crowe and the Township is hereby re-affirmed and further that 1983 taxes are not included in this agreement. Carried.

• Moved by MacLellan, seconded by Stuart that sever-

ance B-65-83 (Concession 8, part lot 17 Cavendish Township, Mrs. Flossie Edmison) be reviewed by Councillor Carswell and that he report his findings / recommendations at the next regular meeting. Carried.

• Moved by Stuart, seconded by MacLellan that by-law 83-15, being a by-law to regulate the use of land and the character location and use of buildings and structures in the United Townships of Galway and Cavendish is hereby read a first time and is deemed to be read a second and third time and passed May 28. Carried.

• Moved by Nokes, seconded by Stuart that the quotes received from the following firms be referred to Don Janzen the energy auditor for Peterborough County for his evaluations and recommendations to council prior to the middle of July meeting.

Quotes received: Overhead Door Company, Peterborough, J.C. Hoey Doors Ltd., Peterborough, and Maximum Air Control, Peterborough. Carried.

• Moved by Nokes, seconded by MacLellan that Policy 83-5, being a policy for selling of gravel for placing on non-Township assumed roads, is hereby read and passed July 11, 1983. Carried.

• Moved by Nokes, seconded by Carswell that George Berry's application to join the Galway Fire Department as recommended by Fire Chief John Hickey be approved, effective immediately. Carried.

• Moved by Carswell, seconded by MacLellan that Mrs. M. Dubois' request to purchase half of First Avenue on Registered Plan 2, Cavendish Township be denied after an on-site in-

spection by two members of council. Carried.

• Moved by MacLellan, seconded by Stuart that the request for a one year extension on draft plan of subdivision File No. 15T-75131, Concession 13, part lot 20 (Wilcox, Pencil Lake, Cavendish Township) from the solicitors, Seon and Gustadt be approved. Carried.

• Moved by Stuart, seconded by Carswell that council hereby consents to a minor variance application being made on Concession 11, part lot 31 and 32, Galway Township and authorize Wayne and Donna Ross to bring the minor variance application to the committee of adjustment. Carried.

That council hereby consents to a minor variance application being made on concession 10, part lot 25, plan 6, lot 9, Galway Town-

Letters

The PC party

best leader our party has had in the years since John Diefenbaker. I hope I will never have occasion to be as disappointed in him as I was in George Hees, when, as the results were announced, he danced a little jig and shouted, "We got the S.O.B.!!" One certainly would not need to be bilingual to understand his meaning!

Although this is a free, democratic country and everyone has the right to choose as he wishes, I feel the election

of Brian Mulroney is the first step to returning the Liberal party to power in the next general election. Our party has not been known in recent years for its ability to get along. I fail to see how our new leader will rectify the situation. However, it is to be hoped that relationships will improve and fences will be mended, and we can get on with selling the Progressive Conservative party to all the people of Canada.

Yours truly,
Roy Bryant
Norland, Ontario

Canada Day in Guilford

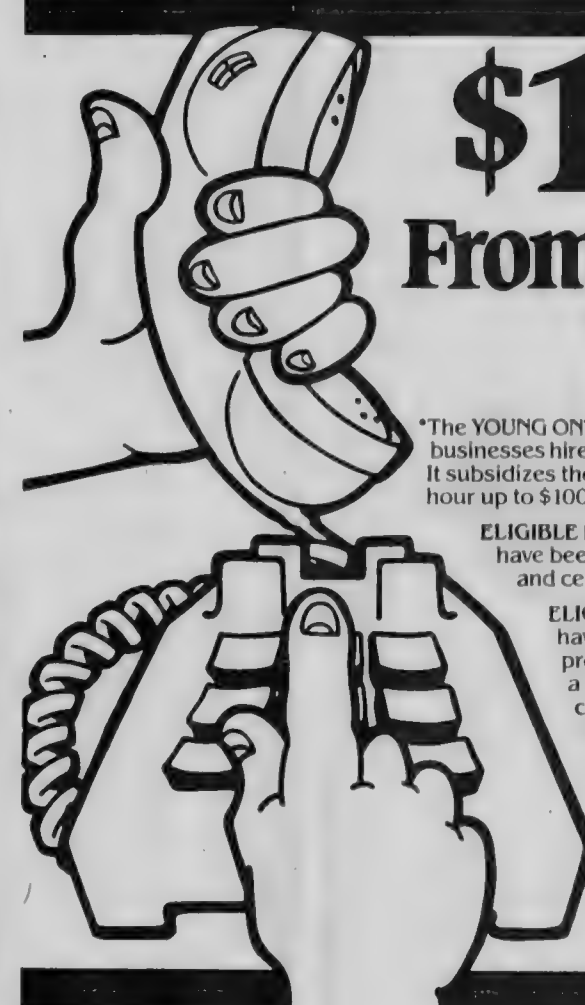

Canada Day in West Guilford has become something of a tradition in the area.

All day July 1, from 10 a.m. to 10 p.m., a wide variety of events will be staged at the West Guilford Recreation Centre. The fun will include a horseshoe tournament, swim races, a flea market, a swim in Pine Lake, a saw contest, novelty races, a decorated bicycle parade, a

pie baking contest, a beef barbecue, amateur talent competition, and square dancing.

And to cap it all off - what else but fireworks?

For those not familiar with the area, West Guilford is located on Highway 118, and can be reached from Haliburton or from Carnarvon (near Highway 35).

\$100 A WEEK* From Ontario, To Help You Hire The Help You Need.

*The YOUNG ONTARIO CAREER PROGRAM is designed to help businesses hire young people; and help young people start a career. It subsidizes the salaries of eligible young employees by \$2.50/hour up to \$100 a week, for a period of 20-26 weeks.

ELIGIBLE EMPLOYERS: are private sector companies who have been in business for at least one year by July 1, 1983 and certain public employers such as hospitals.

ELIGIBLE JOBS: are new positions which would not have existed without program funding. They must provide at least 25 hours per week employment for a minimum of 20 consecutive weeks and must contribute to an employee's vocational development.

ELIGIBLE EMPLOYEES: must be over 20 but not yet 30 years old (by July 1, 1983), eligible to work in Ontario and not related to the employer. They must be either:

- unemployed for 3 months prior to enrolling in the program or

- have graduated from at least a one-year program of a recognized post-secondary educational institution between Jan 1981 and Dec 1982, and do not hold a permanent job related to their qualifications.

TOWNSHIP OF CARDIFF FINANCIAL STATEMENTS

at December 31, 1982

AUDITORS' REPORT

To the Members of Council,
Inhabitants and Ratepayers of
the Corporation of the
Township of Cardiff

We have examined the consolidated balance sheet of the Corporation of the Township of Cardiff as at December 31, 1982 and the consolidated statements of revenue and expenditure, capital operations, continuity of trust funds, and reserve and reserve funds continuity and analysis of year end position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation of the Township of Cardiff as at December 31, 1982 and the results of its operations for the year then ended in accordance with generally accepted accounting principles for Ontario municipalities applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES

(a) Statement of Revenue and Expenditure

This statement reflects the revenues and expenditures of the revenue fund and the following local boards:

Township of Cardiff Cemetery Board

(b) Statement of Capital Operations

This statement reflects the capital expenditure of the municipality to be recovered from the general municipal revenue of the municipality and its local boards described above in note 1(a).

(c) Balance Sheet

This statement reflects the assets and liabilities of the revenue fund, the capital fund, reserve funds and the local boards described in note 1(a).

(d) Fixed Assets

The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead, the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations and the cost of capital projects not yet permanently financed, is reported on the "Balance Sheet".

(e) Municipal Enterprises

There are no municipal enterprise activities carried on by the municipality.

(f) Charges for net long term liabilities

Debt retirement costs including principal and interest charged against current revenues in the periods in which they are paid. Interest charges are not accrued for the periods from the date of the latest interest payment to the end of the financial year.

(g) Trust Funds

Trust funds administered by the municipality amounting to \$3,266 are only reflected in the "Trust Funds - Statement of Continuity and Balance Sheet".

2. CAPITAL OUTLAY TO BE RECOVERED IN FUTURE YEARS.

Capital outlays, including fixed assets and the transfers of capital funds in the amount of \$61,731 which have been financed from general municipal revenues of the current year, are reported on the "Statement of Revenue and Expenditure".

3. RESERVES AND RESERVE FUNDS

During the year, \$1,614 was credited directly to reserve funds without being recorded as revenues and expenditures of the "Revenue Fund". Sources of income were from interest earned on reserve fund investments.

4. ACCUMULATED NET REVENUE (DEFICIT) AT THE END OF THE YEAR

The balance in the revenue fund at the year end is available to reduce (to be added to) the levies of the following classes of ratepayers.

	1982	1981
General ratepayers	\$ (19,617)	\$ 27,439
School Board ratepayers	6	28
County ratepayers	1	(4)
Local Board ratepayers	79	473

THE HALIBURTON COUNTY ECHO

Eakins calls for a look at liquor

The government of Ontario has supported Victoria-Haliburton MP John Eakins' call for a comprehensive study of alcohol abuse -- a problem he says is, according to research, particularly high in Haliburton County.

Eakins introduced his resolution June 16.

He proposed six areas be studied:

- the roles of the LCBO and LLBO
- the concerns of the tourism and hospitality industry
- a review of provincial alcohol legislation
- funding of detox centres and their role
- the funding of the Addiction Research Foundation
- alcohol advertising

Eakins prefaced his remarks by stating that provincial discussion of alcohol seems limited to debate over "beer in the ball park...at Christmastime when the attorney-general introduces the RIDE (reduce impaired driving everywhere) program, and when (the government) announces extended hours for licensed dining facilities."

sibility of establishing a treatment facility in its geographic area."

"The province must play a more visible and a more active role in this field. I do not believe it can be left to the local communities to find the answers to these various problems."

He also pointed to the United States, where "within the last two years...34 states have enacted improved legislation, 33 states have established task forces or commissions to examine impaired driving and other areas, and three states have raised the legal drinking age to 21."

Several other MP's spoke to the motion.

George Samis, the NDP member for Cornwall, attacked the "lifestyle ads" now used to advertise beer on television, calling them "a legitimate topic for a committee to investigate."

"They (the ads) are always there with the emphasis on sports and booze, booze and sports. What effects does that have on young

A gallery of happy parents look in proudly as their children graduate from grade eight at the Haliburton Highlands Senior Elementary School.

The cameras were out in force at HHSES Friday afternoon during the commencement ceremonies.

Private member's bill

Industry concerns, he said, include a desire for "earlier Sunday openings and later Sunday closings" of licensed facilities, as well as a last call at 2 a.m. throughout the week. The industry "must often go cap in hand and lobby support for even minor changes," he noted.

He also tackled the social problems of drinking, quoting Dr. Alan Gilbert of the Royal Alexandra General Hospital's detoxification unit as stating that "alcohol abuse is increasing so quickly that related health problems...could become Canada's number one killer disease in ten years."

Gilbert, said Eakins, also stated that "half of all highway accidents and 60 per cent of all murders and suicides are related to alcohol."

In light of the high profits -- over \$613 million this year -- that the province has made on liquor sales, Eakins called for more funding for the community groups that "have organized to do something about abuse."

A problem here

"In Haliburton County," stated Eakins, "the committee for alcohol and drug education has stated that in view of the high level of alcohol abuse in that county, as statistically shown, it is investigating the pos-

people? We really don't know," said Samis.

Not a legitimate problem

PC member Philip Andrewes of Lincoln said he could not support the resolution, saying that the study would not turn up anything new. Its findings, he said, would indicate that "alcohol is a substance used by many in the province and abused by few; second, that individual abuse exists despite immense public relations advertising warning of the dangers of alcohol abuse, and third, that individual abuse appears to be declining as these public relations campaigns become more effective in their presentations and selection of younger audiences to hear the message."

After outlining the history of alcohol legislation in the province, Andrewes pointed out that alcohol sales "account for more than \$780 million" in estimates for 1983-84, and that wine sales will generate an additional \$130 million.

He concluded that alcohol abuse is "not an extraordinary problem worthy of an unrestrained inquiry."

Citizens, said Andrewes, "are satisfied with the safeguards which prevent alcohol abuse as much as possible."

The motion was voted on and passed.

County supports concept of acid precipitation study -- to co-operate with Muskoka, Parry Sound

The County of Haliburton has supported in principle the idea of a tri-municipal committee to deal with problems of acid precipitation.

The idea for the joint committee -- which would include representation from Parry Sound District, Muskoka District, and Haliburton County -- was first suggested by the Mayor of Muskoka Lakes Township.

Dysart Reeve Murray Fearrey, in supporting the resolution, said that acid precipitation is a "very real problem" that does effect the area.

County council voted last Wednesday to support the plan in principle.

Saving the Kanawa

Warden Bill Howe told county councillors that there is a possibility that the Kanawa Museum may be moved from its Stanhope location. He urged county councillors to "support (attempts) to keep it in Haliburton County," for possible relocation to the Leslie M. Frost Natural Resources Centre in Dorset.

"Anyone who has not seen the exhibit should," said the warden. "It's truly a world-class exhibit."

Forest management

Stanhope Deputy-reeve Elgin Stouffer reported that his committee had toured the forestry facilities at Sir Sandford Fleming College in Lindsay, and had found that to be "among the very best in Canada."

He also said facilities are close to the world's best -- the forestry school of the U.S. Department of Agriculture, located at Madison, Wisconsin.

He urged county foresters to make use of the expertise that exists at Lindsay.

In other forestry developments Sherborne et al Deputy-reeve Don Shortreed relayed some concerns from the Township of Lake of Bays in Muskoka District. Lake of Bays, he said, would like to find out about ways to put some sort of municipal control of logging operations. Right now, said the deputy-reeve, things are simply "a mess."

Council agreed to forward the township a copy of the county's tree-cutting by-law, which at the moment is only enforced in Dysart et al.

Arts must be included in county promotion: Finn

County councillors were made aware last week of the importance of the arts in Haliburton County.

In a brief address to county council last Wednesday, Carol Finn of the Rails' End Gallery spelled out the advantages -- both aesthetic and financial -- of having a thriving arts community.

"We would like you to stop and think for a minute," she told councillors. "We'd like you to consider art from the point of view of something that is extremely valuable -- a resource that is probably a gold mine."

Finn stressed the advantage of a

well-defined arts base as a tourism "drawing card."

"Our arts community is one of the most valuable assets we have," she added.

The special interest of an active arts community, complete as it is with two good galleries, attracts a lot of people, Finn said. Some events in the Highlands appeal only to "special interest groups," but the arts have "the greatest, broadest appeal."

"People are looking for uniqueness," she said, adding that art in the county "should be marketed as such."

New status sought

Art galleries, unlike museums, have a freshness that makes people go out of their way to travel to them, she said. Why, she asked, did the Royal Ontario Museum stage the recent King Tut show? The answer is because the artifacts were works of art, said Finn.

Haliburton County is blessed with the Rails' End Gallery, the Agnes Jamieson Gallery, the Haliburton School of Fine Arts and many Sir Sandford Fleming College courses, she said. The arts have become "a vital, growing force in the county."

There are, said Finn, 16 people

earning a "better than average standard of living from the arts alone."

One important new fact that Finn revealed was that the Rails' End Gallery is expected to become "a legitimate gallery with full status... set out to serve a region."

The arts need to be marketed, she repeated, adding that officials would return in February to discuss things further.

Stanhope Reeve Harry Davis mentioned the prestigious Banff School of Fine Arts in Alberta, and said he hoped county residents would see the day when similar facilities could be established here.

New park considered for Cardiff Township: MNR

The Ministry of Natural Resources Land Use Guidelines for the Bancroft District were released last week -- and show a new provincial park is planned for Cardiff Township.

MNR's Bancroft District includes Harcourt (part of Dysart et al), Cardiff, and Bicroft townships.

The Lowrie Lakes candidate park site is located near the existing Silent Lake Park. It is planned to be developed before the year 2000.

The candidate park is intended as a nature reserve, according to the MNR document.

The ministry's target for the Bancroft District's parks, present and future, is to provide "32,000 swimming opportunities, 19,000 picnicking opportunities, 63,000 camping opportunities and 2,000 backcountry opportunities" within the next 17 years.

Other targets in the study include the following goals:

- 0.35 million cubic metres (12.25

million cubic feet) of annual forestry production in the district

- 10.03 million cubic metres (11.11 million cubic feet) of aggregate (rocks and mineral mining) as a "minimum supply"

- increases in fishing opportunities, cold water fish production, warm water production and the annual bait harvest

- a goal of 28,000 pelts per year in the fur harvest, 44,500 "opportunities" for big game hunting, 59,000 for small game hunting, and 19,000 for waterfowl hunting

- increasing the facilities at established provincial parks
- increasing general recreation facilities -- including snowmobiling trails, cross country ski trails, and so on

A public information week began June 27 and will wind up June 30.

District Manager M.P. Barker invites verbal or written comment on the new proposals.

HHSES grads are honored

Friday afternoon marked a new chapter in the lives of the grade eight students at Haliburton Highlands Senior Elementary School.

Their years at HHSES had come to a close -- and they were now graduates.

Parents and friends filled the school gymnasium to pay honor to the graduates, and hear words of praise from local education officials.

Principal Doug Devolln greeted the parents and introduced the speakers. Director of Education J. Douglas Hodgson congratulated all the graduates, adding that he hoped that "in the next five years" they would attend a similar ceremony at the high school nearby.

He stressed that students must "set some goals...all successful people always had goals to work towards; and you never find a successful person who has not had a plan."

Gordon Sharpless was next to address the crowd.

He said that time in school was very valuable indeed, and was "worth more than almost anything."

What's learned in school, he reasoned, "can be used every day...there won't be a day when you can't use it when you're working regularly."

He advised the new graduates to "make friends with your teachers" at the high school next year. He said it had cost "millions of dollars to build the schools" but the most valuable part was the teachers staffing them.

Sharpless concluded by saying he hoped to run across the names of the graduates in the future -- holding important positions in this and in other communities.

As well, he said, "God's word is also a very safe thing to follow."

Valedictorian Kelly Reynolds remarked on the "friends we'll be leaving behind."

The strawberry supper in Lochlin is always a favorite. Supper was served from 4 to 7 p.m. Saturday, and the lineups outside the church were steady. While outside, diners could browse through the many items for sale at the church bazaar.

The drive to save the escarpment

From page 12

way. Ten years ago the Ontario government also paid tribute, by enacting legislation which created the Niagara Escarpment Commission and spawned its proposed plan of 1979, a plan designed to maintain the escarpment area "...as a continuous natural environment..." by controlling development.

Continuity is the very essence of this serpentine environment, and any plan for ongoing protective management must reflect this fact if the remorseless chipping away at escarpment features -- a process which literally provides 40 per cent of Ontario's sand, gravel and stone -- is to be stopped.

Two years of expensive public hearings followed the plan's release, revealing strong, thoughtful support for its proposals up and down the escarpment. But the hearing officers only heard and reported on the heated reaction of critics who see the natural environment as an unexploited resource, and the proposed plan as an assault on private property.

Their report is alleged by the Coalition on the Niagara Escarpment (CONE), a citizen's organization, to illegally defy the guiding prin-

ciples of the 1973 legislation. Its recommendations would effectively turn the Commission's conservation proposals into a development plan by allowing condominiums in the most sensitive natural areas as well as the agricultural lands which the commission seeks to protect; approving development in the Beaver Valley and several other areas despite sustained local opposition; shifting local implementation from the Commission to local municipalities; and removing many rural areas from the plan.

"An orderly plan for this magnificent provincial heritage is now in tatters," says Lyn MacMillan, president of CONE. Though denounced in major editorials and the legislature for its one-sided, insulting review of the evidence heard, the hearing officers' report is the one outside assessment of the proposed plan, which the government is obliged to consider when deciding the fate of the Escarpment in the coming months. Unless the Premier continues to hear from citizens across the Province that the Escarpment must be protected, this report could open a back door for the government to escape from its legal commitment of a decade ago.

At the public library

UNDER THE MINING ACT

Lands and/or Mining Rights to be Forfeited for Acreage Tax Arrears

PURSUANT to the provisions of the Mining Act, R.S.O. 1980, Chapter 268, Section 212(2), the following list of lands and mining rights in respect of which acreage tax, penalties and costs to December 31st, 1982, imposed by the said Act, are two years or more in default, notice is hereby given that unless the amount due as shown is paid on or before December 31st, 1983, on the day following shall be forfeited to and vested in the Crown, but shall not be open for prospecting, staking out, sale or lease until published in one issue of THE ONTARIO GAZETTE. (This is not a tax sale. The lands cannot be purchased by paying the taxes).

Those lands and mining rights forfeited to and vested in the Crown and published in one issue of THE ONTARIO GAZETTE during the month of May, 1984, shall be open for prospecting, staking out, sale or lease at and after 7 o'clock standard time in the forenoon of June 1st, 1984.

Communications regarding this matter should be directed to the undersigned at the Whitney Block, Parliament Buildings, Toronto.

W. T. Foster
Deputy Minister of Natural Resources.

Derrell Stamp named coach

from page 1

but we can be competitive," he added.

Stamp promised "good hockey for the boys, and good entertainment for the fans."

He added that he's "been given a free hand" to choose his managers and assists, and will be picking people shortly.

He said support from local businessmen is still very enthusiastic -- and that the players he's talked to so far are ready and willing to play.

Stamp has been playing hockey in Wilberforce in recent years

while remaining active in coaching.

He played all his minor hockey in Haliburton, and went to two all-Ontario championships, in bantam and Junior "D".

He played three years of Junior "A" hockey, split between Brantford (one year) and Niagara Falls, before playing semi-professional hockey in the NHL (for Toledo) and the CHL (for Salt Lake City).

He now works for the municipality of Dysart et al, and has coached at the peewee, novice, atom and midget levels.

Letters

Red Shield news

To the Editor:

The 1983 National Red Shield Appeal is now very largely finalized, and the response has been most heartwarming.

An old-fashioned cliché stated: "Many hands make light work!" How grateful we are for the tens of thousands of highly-motivated volunteers who actively participated in the National Red Shield effort. In most centres a brief, intensive solicitation

period, with good organization, has resulted in an exciting victory.

Please accept this sincere, albeit inadequate, expression of appreciation for your personal participation. We do hope that we can count on your continuing interest in all our endeavours in the months ahead.

Thank you for your practical support!

God bless!

Yours sincerely,

Frederick J. Halliwell

Graduation at HHSES --- a proud day

Proud parents snapped the shutters of a host of cameras Friday as the grade eight graduates of Haliburton Highlands Senior Elementary School received their diplomas.

Honors graduates for this year included Gina Brohm, Andy Cooper, Judy Finlay, Darryl Goodall, Tammy Hughes, Michelle Parish, Jeff Popple, Lucy Postlethwaite, Kelly Reynolds, Lesley Tashlin, Lindsey Tashlin, Darren Wittaker and Lisa Williams.

Graduates were as follows: Jamie Austin, Eric Barber, Kevin Barnhart, Debbie Barry, Elechia Barry, Kevin Barry, Stephanie Barry, Marsha Bowers, Linda Boxall, Alexis Bruyns, Jeff Bull, Blake Callard, Jeff Chambers, Kathleen Clarke, David Clothier, Amber Cook, Melissa Creelman, Lori Ann Duguay, Laura French, Ray Gervais, Donny Griffin, Suzanne Grubb, Leo Harlick, Chris Harrison, Wanita Harrison, David Hodgins, Nancy Houghton, Kelley Howard, Sherry Hughey, Bill Hutchings, Brenda Hutchings, Patrick Irwin, Susan Jowett, Ken Kreller, Gary Lewis, Lloyd MacDuff, Karen Madill, David McKay, Cory McKnight, Marion Medcalf, Andrew Milne, Shontel Morrison, Robbie Parish, Shauna Pearson, Bob Picard, Lynda Pockett, Michael Pockett, Robbyn Rummelgas, Pam Rivers, Dennis Roberts, Susan Roberts, Lyle Robinson, Glen Scheffee, Lisa Sisson, Robin Sisson, Clifford Smith, Jeff Smith, Ruth Stouffer, Robbie Thibadeau, Darren Traviss, Susanne Traviss, John Vanderhorst, Geoff Walker, Sean Whitfield, David Wood, and Ron Woolcott.

A pleased Lisa Williams stands with her award -- which she received for being the top student in grade eight at HHSES. Gerald Irish presented her the award at a Friday ceremony at the school.

Darryl Goodall (right) receives the special distinction award from Roy Hoare (right) at the Haliburton Highlands Senior Elementary School graduation June

24. A large crowd of parents and friends crowded the school gym to see the ceremony.

The graduates from 8B at HHSES are -- first row, left to right - Amber Cook, Lynda Pockett, Kelley Howard, Robbie Parish, Ken Kreller, Bobby Picard, Chris Harrison and Jamie Austin. In the second row from left to right are Kathleen Clarke, Robbyn Rummelgas, Marion Medcalf, Lisa Sisson, Dennis

Roberts, Pat Irwin, and Darryl Goodall. In the third row from left to right are Andrew Milne, Shontel Morrison, Glen Scheffee, Jeff Walker, Kevin Barry, Eric Barber, John Vanderhorst and Jeff Popple. Missing were Wanita Harrison and Lindsey Tashlin.

The HHSES grads from 8C include -- front row, from left to right are Darren Whittaker, Blake Callard, Jeff Smith, Mike Pockett, Linda Boxall, and Tammy Hughes. Second row -- Gina Brohm, Lucy Postlethwaite, Marsha Bowers, Sherry Hughey, Shauna

Pearson, David Hodgins, and Gary Lewis. Third row, Michelle Parish, Don Griffin, Stephanie Barry, Robin Sisson, Lori Ann Duguay, Ron Woolcott, David McKay. Missing -- Suzanne Traviss, Jeff Chambers and Kevin Barnhart.

Graduates from 8A at HHSES include: front row, from left to right - Lyle Robinson, Cliff Smith, Judy Findlay, Darren Travis, Elechia Barry, Alexis Bruyns, and Ray Gervais. In the second row are Lisa Williams, Brenda Hutchings, Ruth Stouffer, Laura French, Melissa Creelman, Kelly Reynolds, and Nancy

Houghton. Third row, Jowett, Sean Whitfield, Jeff Bull, Cory McKnight, Dave Clothier and Lesley Tashlin. Hidden - Dave Wood, Debbie Barry, Andy Cooper, Robbie Thibadeau, Suzanne Grubb and Bill Hutchings.

Kelly Cummings, Tara Davies, Lori Dunham, Kay Foster, Angela Googh, Chad Irvine, Tracey Jarrett, Lisa Jones, Robert MacLeod, Mary Ann Madill, Lisa Malott, Kelly McGuire, Michael Parish, Gregory Pearson, Sherry Sheehy, Kathleen Shipley, Jeffrey Smith, Kathleen Walsh, Kevin Warburton, Timothy Westsell, and Tracey Wilson.

Year Four
James Bennett, Mark Blackburn, Glen Clarke, Melanie Dewey, Sean Finlay, Karen Gillespie, Christine Hartin, Catherine Howe, Peter Jennings, Kelly Linkert, Marla MacNaull, Karen Miller, Susan Milne, Laura Pockett, Stephen Rogers, Maria Rosenberg, Tony Sinikivi, Karen Smith, Karen Stewart, Signe Tashlin, Bernd Tragert, and Steven Tripp.

Year Five
Christopher Lodenquai, Katherine Mosgrove, Michael Pearcell, Michael Pearson, Craig Saunders, Nancy Shipley, Bruce White, and James Wooden.

A guide for pickers

Several news outlets in the area have carried reports on the lists of Pick-Your-Own Farms which was published recently by the Ministry of Agriculture and Food. Unfortunately, there are several Pick-Your-Own strawberry farms which were not included in this publication.

The following list gives those farms which we are aware of in Victoria and Haliburton Counties which have a Pick-Your-Own Operation. The Farmers Markets are also indicated.

• Kent's are located on Hwy. 35, four miles south of Lindsay with 10 acres of strawberries. Phone 324-3800.

• Poder's have 10 acres of strawberries on the River Road. Take Hwy. 35 two miles south of Lindsay to the River Road, then turn right and go four miles. Phone 324-4051.

• Roskammer's have 12 acres of strawberries this year, on Hwy. 35, one mile north of

Powles Corners (junction of Hwy. 121 near Fenelon Falls) Phone 887-2901.

• Sebright Gardens are on Hwy. 503, two miles east of Sebright. The Elson's have 12 acres of strawberries there, and their phone number is 833-2594.

• A new pick-your-own operation this year is at Bruno Angstenberger's. Go one km south of City. Road 8, on the third concession of Verulam Township. Phone 887-5201.

• Zimmermann's Berries are located on the sixth Con. of Mariposa Township, four km west of the Oakwood - Little Britain Road. They have six acres of strawberries. Phone number is 786-2895.

• Valentia Gardens have eight acres of strawberries and are located on Victoria County Road 22 just north of the village of Valentia. Phone 786-2046, between 7 and 9 a.m.

• The largest acreage of

Kelly Reynolds delivered a witty and fitting valedictory address last Friday, as the Haliburton Highlands Senior Elementary School paid tribute to its grade eight graduates. Most of the students will be going on to grade nine, although some will be moving away.

ship, and authorize Bob Unwin and John Unwin to bring the minor variance application to the Committee of Adjustment. Carried.

• Moved by MacLellan, seconded by Stuart that the minor variance application submitted by Diana Hull be referred to Councillor Carswell for inspection and recommendations to be dealt with at the next council meeting. Carried.

• Moved by Stuart, seconded by Nokes that the clerk be authorized to obtain two appraisals from Real Estate Agents for property on concession 18, part lot 21, Cavendish and Concession A, part lot 43, Galway.

Carried.

• Moved by Start, seconded by Carswell that the letter from the Ministry of Environment of June 7 be received and directed to the clerk and road superintendent for implementation of the recommendations with regard to the municipality's land fill sites. Carried.

• Moved by MacLellan, seconded by Nokes that the township solicitor be authorized to appeal Mr. Best's Ontario Municipal Board decision for a minor variance on concession 12, part lot 26 Galway and further that he be authorized to have a site plan survey on the said property at an approximate

cost of \$275. Carried.
• Moved by MacLellan, seconded by Stuart that the letter from J.A. McArthur requesting the Township assume the road running behind lots 41-62, part lots 28 and 29, Concession 12, into the Township road system be received and forwarded to the Roads Committee for their inspection and comments to council. Carried.

• Moved by Nokes, seconded by Stuart that by-law 83-17, being a by-law to confirm the proceedings of council at its meeting held on June 11, is hereby read a first time and is deemed to be read a second and third time and passed. Carried.

Pork board gears new program

The Ontario Pork Producers Marketing Board will be starting their new forward contracting program this week.

On Monday, June 13, the board accepted price commitments from packers to purchase hogs 17 weeks later.

Packers will make commitments for hogs every Monday. Each commitment will be for a lot of 200 hogs.

The price offered by each packer will vary. Producers will have until Thursday of the same week to accept the offer. The actual price paid to

the producers will depend on how many commitments are accepted by producers.

Producers will receive the average price of the accepted packer tenders.

The board has the right to reject an excessively low tender from a packer.

How does the producer participate in the program?

On Monday afternoon producers will be notified of the packers' tenders for the week through radio or by phoning in to the board.

A producer is entitled to make a commitment for as few as 10 hogs or for any

multiple of 10 hogs to a maximum of 100 hogs.

A producer can make a commitment by phoning the Ontario Pork Producers Marketing Board by Thursday of a particular week. Once a producer has committed hogs, those hogs must be delivered to a regular marketing yard 17 weeks later.

Only ten per cent of Ontario's total weekly shipment may be on contract. The program may provide security to a producer by locking in a price 17 weeks down the

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Kinmount Korner

by MILLIE MOSS

Some 29 residents, mostly the younger ones left Kinmount Play School to travel to Santa's Village at Bracebridge on Monday, June 20.

About 40 members of the Cook clan enjoyed a family reunion on Highway 35 between "Coby" and Norland, on Sunday, June 19. There was a day long barbecue, along with games for the children and everyone enjoyed the day immensely. There were family in attendance from Mississauga, Scarborough and Trenton and of course our North Country members.

Deepest sympathy to the family and friends of Darlene Shorter who died suddenly due to a car accident on Sunday, June 19.

Joe Crego wasn't feeling the best last week due to sunstroke and was out to his doctor's office again on Monday, June 20.

Little Carrie Mae Crego got off her school bus on Monday looking quite ill but thankfully, later, was feeling some better.

Vi Crego was also under the weather last Monday.

Tony Abela's hand is in a sling these days following near amputation of a thumb in a collision with a saw while working. Tony is home from hospital and hopefully he'll be back to good working condition soon.

I hear Gerry Crego also got too much sun last week. Sure hope all you sick folks are well soon.

Went to Fenelon Falls on Father's Day for dinner and met quite a number of familiar faces from Cobocok and Norland. Later we visited for awhile at mom's house in Norland.

Bonnie Mulock, her little son and daughter were visitors at the home of Dot and Joe Crego in Kinmount last week.

The family of John and Helen Hickey cordially invite you to help celebrate their fiftieth wedding anniversary

on Sunday, July 3. There will be an open house from 2 p.m. to 5 p.m. with dancing 8 p.m. to 11 p.m. Best wishes only and this gala will be held at the Galway Community Centre on Galway Road.

Win Wilson had the misfortune of being on the receiving end of a very badly sprained wrist as the result of a fall while out in her garden last Wednesday evening.

A few dates to remember -- July 1-2-3 there will be a yard/barn sale at the home of Bill and Win Wilson. There will be a number of families included in this sale and I have it on good authority there will be everything from the proverbial kitchen sink. Come early, stay late! It's easy to find, right on Highway 121, the second house south from the former Highway 519 (now county road one).

Starting the same weekend a "refurbished" house sale at Vi Cooke's home at Irondale right next door to Hancock's Grocery Store will feature hand made cushions, quilts, oil paintings, lace pieces crocheted by an older lady, wall hangings, old sterling forks, lots of houseplants, records to be sold at \$1.25 each, a few electrical pieces, some ladies clothes plus jeans and shirts for boys 8 to 10 years.

There's one lovely bea spread, fifty years old that will be sold for \$50 and baked goodies. Vi doesn't care if you buy just come have a look and a friendly visit. I enjoyed one of said visits with her last Thursday.

Tuesday, June 28 the Norland Opportunity Shop opens for business once again, in the Women's Institute Hall on Highway 503 just west from Highway 35. The ladies will be open for business on that day from 1 p.m. to 4 p.m. and thereafter, each Tuesday and Saturday 1 to 4 p.m. until closing date Sep-

tember 10. There will be lots of good used clothing and a number of small items such as dishes, knick knacks and small pieces of furniture. Come out, take a look and start up a new wardrobe and you'll be helping a good cause at the same time.

June 29 is the date when all concerned citizens should be at the Kinmount Community Centre in order to help support the "Kinmount Area Civic Association." Time - 7:30 p.m.

It's time things got moving around our town so how about taking time to attend this meeting and find out what's going on!

Our "Kinmount Orioles", ladies' softball team won out over the "Norland Cats" in Norland on Wednesday, June 22 with a score of 40-23.

Dennis (Dannie) Dunbar underwent back surgery on Thursday, June 23 and as at that time was in intensive care but coming along in St. Joseph's Hospital, Peterborough. His wife Rose, would like to thank all who have sent cards and asked after Dennis' condition.

Frank Smar is a patient in Ross Memorial Hospital. Why not take time to send a note of cheer to our shut-ins? It would help brighten a day for a friend.

As I stated in the last column I'll be having a Tupperware at our house on Tuesday, June 28 and at least two ladies sure were on the ball! Helen Graham and Hilda Buxey, both of Norland were here bright and early on Tuesday, June 21. Oh well, we enjoyed your visit anyway girls!

Thank you to all you folks who have been asking after my own health. Bill and I drove over to Peterborough on Friday, June 24 to have my tests and I've been give the word! "Slow down, you're working too hard, when are you going to retire and you're strong as a bull."

Now if I can just figure out how to slow down I have it made.

Happy birthday to Jade Hartin who will be three years old on Saturday, June 25.

Also, on Saturday, Carmen Abela, who turned eight on June 21 and Kim, who will be six on July 5 celebrated a joint party with a cookout. Happiness always, to you little guys.

Have you been in to TJ's lately? Tony, even with his left hand in a cast, has managed, with help, to get another wall in the dining room panelled. Going to be very nice when finished.

Hope to hear Mrs. Bluett is home from hospital very soon now.

Bill and Jason Moss spent part of Friday in and around Oshawa.

Bonnie Walker and Charlie Ryan of Weston spent last weekend at our house. Always nice to see them.

Well folks, stay well and happy and be here next week. Give me a call at 488-2353 because you can't get me when you dial 488-2399. See you!

A late flash! A Church Centennial Euchre party was held at St. James Hall in Kinmount in honor of the church's 100th birthday coming up. Thanks to the folks who so generously donated extra prizes for this special affair. Results of the games: ladies' high - Gladys Anderson, ladies low - Ruby Schell, mens high - Sam Duffy, mens low - John Lonsdale, ladies high - Sam Duffy with seven. There were seven tables of players. Winners of the special draws were Dot Anderson, Vera Ward, Mary Phillips, Irene McIlwain, Esther Graham, Nora Brandon, Vi Cooke, Hugh Phillips, W. Howden, James Simpson and Jim Howden.

Coboconk News

by SHEILA LAKE

The United Church ladies of Norland are opening their Opportunity Shop again on June 28. The shop will be open on Tuesday and Fridays from 1 p.m. to 4 p.m. beginning June 28. The shop is located in the Women's Institute Hall on Highway 503 west just off Highway 35 in Norland. Good used items, clothing, shoes, dishes and books are available.

The SEcond Annual Victoria County Senior Citizens picnic will be held on July 14, 1983 at Balsam Lake Provincial Park at 10 a.m. Bring your own lunch and a folding chair. Activities planned are ball tossing, shoe tossing, tennis ball, nail driving, knitting squares, quilting bee, needle threading and horseshoe toss. There will be hot water supplied for your tea and coffee. Last year was great; let's make this year better!

Winners in the seniors euchre were as follows -- ladies first, Freda Boyce, 72; ladies second, Dorothy Brown, 71; most lone hands, Alma Rettie, three; consolation, Marjorie Fountain, 42; gents first, Les Hofgate, 72; gents second, Ron Pearce, 72; most lone hands, Laurie Barkwell, five; consolation, Jean Barkwell, 40. Bridge -- first, Vi Gagne, 4790; second, Charlotte Patterson, 4410; consolation, Grace Crapper, 1350.

Our sympathy to Norm and Pat Shorter of Norland. Their 21-year-old daughter, Darlene, was tragically killed last Saturday at Milton. Who knows what will happen to our loved ones when they leave the shelter of home? We can only leave their care and protection with our Lord and trust Him.

There is a reason for each sorrow we must bear and we can only accept that not one

of us are promised a tomorrow.

Are you enjoying the heat of the last two weeks? It won't last that long and then the same folks who complain of the heat will complain about January's bitter cold!

We do have some artistic young folks here! They are still painting these flower planters on main street and they are really lovely. While a good lot of kids would like to destroy, it's a joy to know we have those who choose to build up! Eddie White, the local mail delivery man has been ill in hospital, and our post master, Goldie McGinnis has had health problems too and is off on sick leave. Dorothy Powell is doing nicely in Ross Memorial Hospital following surgery.

The ladies of Baddow are hard at work this week preparing all those goodies for their annual Strawberry and Salad supper on July 2. The

meals start earlier, at 1 p.m., and they will be serving through until after supper. Turn east at the Wrtiz Dairy Bar take out about three miles south of Cobocok on Highway 35. Follow the signs a short distance along the road. I know from experience this is a real treat and the Baddow folks prepare a delicious meal.

Soon all the young folks will be packing the beach at the community hall park when the Red Cross Swim program starts. A worthwhile project and with so much water all about the kids really should learn to swim!

Our dog had a raccoon treed early this morning in our back yard. The pesky little animal deliberately pruned the lid off our garbage can and strung it about. Can't be up to those furry little fellows!

Enjoy your week and if you are holidaying, take it easy!

Guilford Potpourri

by GLADYS KRELLER

Our seniors enjoyed a very pleasant meal at our local restaurant on Wednesday of this past week. The dinner hour consisted of a very tasty and well-prepared and well-served turkey dinner. During dessert time a presentation was made to Ev Stata, who so kindly took care of Meals on Wheels to those seniors unable to get out and by reminding the rest of the

seniors by phone to bring our Wheels to Meals.

Ruth Sawyer presented Ev with an envelope of money. She responded in her usual shy and kindly way. At this time also Alma Morrison read a very fitting verse about friends. Mrs. Wallace Sr. of Eagle Lake spoke on behalf of the seniors and especially Eagle Lake ladies.

Margaret Horsley was the M.C. for the occasion and

thanked the Hostesses of our restaurant for the beautiful meals served throughout the year. A hanging fern was delivered to Carol and Jane in appreciation for all their hard work. Margaret also thanked Ruth and Alma for the lovely cakes they donated. After thanking all for the lovely fellowships, she left with these words from the poem, "It's a Wonderful World." "It's a wonderful

world, and it's people like you, who make it that way, by the things that you do."

Don't forget the Canada Day celebrations at West Guilford on July 1. The activities begin at 10 a.m. until 10 p.m. including a horse-shoe tournament, flea market, pie baking contest, Pine Lake swim, Canada Day poem and amateur contest.

Gooderham News

by MARY HADLEY
Maxine and Bob McNeil of Westhill, N.S., are visiting Maxine's parents, Pearl and Albert Cary, and other relatives. Also visiting them were their daughter, Madeline, with her husband, Bob Woods, of Kingston. They all went to Cardiff for the christening of Pearl and Albert's great grandson. Two other daughters, Barbara Higgins of Mississauga and Bonnie Woolley of Oshawa, also spent a week with their parents.

Congratulations to Pauline and Wayne Parnell on the birth of their son, Dennis James Esem who was born at LaRonge, Saskatchewan where Wayne is employed.

A week ago last Sunday the Jack and Jill club of Trinity United Church, Bowmanville, attended morning service at the Gooderham United Church. Their attendance and especially their singing added much to the worship. We look forward to this yearly visit. This large group spent the weekend at the James' cottages.

Some Gooderham retired teachers attended the annual meeting of the Superannu-

ated Teachers of Ontario at Birch Point Lodge last Tuesday. After a delicious meal, the business meeting was conducted with the election of next year's executive. The guest speaker was Dr. Joy Ballard whose optimistic outlook is always a challenge. She spoke on "Happiness" and read several of her poems both humorous and inspirational. A collection of her poems is being published and should be ready by July 1. It is entitled "The River of Life." We are all looking forward to its publication.

The Gooderham school pupils helped celebrate Senior Citizens' Week. On Tuesday, the whole school, accompanied by their teachers, Mrs. Bailey and Mrs. Miller visited the homes of many local seniors, chatting, taking samples of their art as greeting cards and distributing cookies and squares which they, themselves, had made. They must have walked more than a mile, carrying a banner proclaiming love. Despite the heat, no one complained.

Our teachers are to be complimented for instilling

in the children the principles of service to others without thought of reward.

On Wednesday they enjoyed a "play" day with a swim at Hunter's beach in the afternoon. On Thursday the mothers were challenged to a ball game. On Friday school closed for the summer holidays which we hope are safe and happy for all.

Last Wednesday, in honour of Senior Citizen's Week, the Glamorgan club met in the Community Centre for their "pot luck" meeting. A bountiful variety of casseroles, salads and tasty desserts graced the tables.

Among the special guests were members of the Glamorgan Municipal Council with their spouses; Marie Wallace, coordinator of the Haliburton County Home Support Services, and others.

Ivan Hunter, president, welcomed all and introduced the guest speaker, Murray Fearney, Reeve of Dysart et al, who was accompanied by his wife. He spoke informatively of his work and his hopes for the future. He complimented the township on the acquisition of their

fine new facility which is receiving much use.

Fred Vanderland, vice president, thanked the speaker for his generosity in taking time out to speak to us in the midst of his busy schedule and for his remarks which all enjoyed. Several guests also spoke briefly, expressing their thanks.

The evening was then spent with darts, carpet bowling or card games.

Don't forget the rummage sale in the Orange Hall and the bake sale in the United Church basement, both to be held July 2 starting at 11 a.m.

Tommy Dovell and his wife from Kipling, Saskatchewan, are visiting their aunts Susie Madill and Nellie MacDuff and their uncle, Tommy Dovell, as well as other relatives here. They will then continue their trip to Prince Edward Island.

Ileen and Ivan Hunter just returned from a trip to Spruce Grove, Alberta, where they visited their daughter, Gail, son-in-law, Bill, and granddaughters, Karin and Samantha. While there, they saw their young granddaughters dance in a recital at Edmonton.

Norland Natter

by KELLY GRAHAM
Well, four more days of school and the elementary school children, including me, will finally be free, until September!

Congratulations to Helen Ryall who was promoted from public health nurse to the director of all the public health nurses in Victoria County. Mrs. Ryall will now be working out of Lindsay. I wish her the best of luck at her new job.

The winner of Shirley Harrison's latest Wintario ticket was Buryel Kipp. Nice going Gram!

My sympathies to those who knew Russell Hargrave. Mr. Hargrave recently passed away. I'm sure he will be missed by friends and family.

Kevin Graham of Norland recently got a shock when a bear looked in his bedroom window. Tonight I'm drawing my drapes!

There was a good turnout at the meeting to elect representatives on the Victoria County Board of Education

Northern School Study Committee at Norland Public School on June 21. The elected representatives are Brenda Chynoweth and Mary MacDonald. I'm sure they will represent Norland very well.

If you missed the swim registration for this year's New Kawartha swim program on June 18 you can still register. Just call 454-3361 before July 4 or at the Lion's Park on July 4.

The kindergarten class at Norland Public School recently went on a field trip to the Bowmanville Zoo. They spent the day there and apparently had a wonderful day.

Just a few weeks ago I told you of Russell Graham's acceptance to the Junior Ranger's Program and outlined some of the things he'd be doing in Temagami. Well, last Sunday, June 26 Russell left. We all wish him the best.

Last Wednesday, June 22 Brian Hough, the now-former principal of Norland Public School was very pleasantly surprised. The community had planned a surprise roast which Mr. Hough believed to be a Home and School meeting. Mr. Hough, dressed in shorts and a t-shirt, was presented with a beautiful collection of lawn furniture from the community, a scrapbook from the 7 and 8 class, and a letter of recognition from the local council. Roasting speeches were delivered by Pat Potter, Penny West, Dave Graham, Margaret Stewart, and myself.

Annette Dion is organizing a nursery school for preschoolers. So far she has approximately 20 children ranging in ages from six months to three and one half years. Although the location of the "Kids Co-op Playgroup" is not definite they will meet from 10 a.m. - 11:30 a.m. twice a week starting this fall.

This program involves participation from the parents as well as from the children. If you are interested please call Annette Dion at 454-1506.

The number one song on 1050 CHUM for the week starting June 17 was "Every Breath You Take" by The Police.

Last Saturday, June 18 the Norland baseball team held a tea at the community hall in Norland. At approximately 3 p.m. they released several balloons with names and phone numbers tied to them. Be sure to keep an eye out for them. The tea itself was a wonderful success.

The euchre scores for Thursday, June 23 were as follows: ladies high, Gail Chynoweth; men's high, Mike Puterbaugh; ladies low, Susie Lightfoot; men's low, Roy Penrose; skunkers, Les Thomas and Elsie Cown.

Remember my number, 454-3707.

There will be a Shadow Lake Cottagers Association meeting at the Norland community hall on July 9.

Check with a member of the association for the time.

Dorset News

by PHYLLIS BRISCOE
"A future target for the Women's Lib people might well be those male chauvinistic scientists who claim that only the female mosquitoes bite."

What is so rare as a day in June? We have had some rare ones, sure enough, and they were more than welcome. We can't complain about too much heat after crabbng about the long, cool and rainy period we had, prior to the hot spell. And the water in the lake continues to get warmer and there is a bass making a nest beside my dock. I guess that is what you call it. He (or she) keeps circling around one spot, whipping the sand up with its tail, and I am assuming that it will spawn there. Interesting to watch and see what happens.

A group of local citizens, with some from Dwyg and Baysville, took advantage of the Ontario Jockey Club's invitation, and attended the races at Woodbine race

track, on Thursday, June 23. A beautiful day, and everyone had an enjoyable time, and as usual some lost a bit and some won a bit. Many thanks to Ralph Raven for making all the arrangements. It's a time consuming job and involves a lot of telephoning to verify that enough are going to make it feasible, money wise to engage a bus, and this has to be done ahead of time. So, a lot of wear and tear.

A miscellaneous bridal shower was given in honor of Barb Ellerington, daughter of Bill and Gerry Ellerington, Dorset, in the Dorset Community Centre, on Sunday afternoon, June 18. Barb is to be married on July 9 to David Lawton of Toronto, in the United Church, Dorset. The hostesses were Linda Clark, who is to be the maid of honor and Barb's sister, Betty Whiteway, who will be bridesmaid. Barb received a great number of varied and beautiful gifts. A delicious

lunch was served by the hostesses.

The sympathy of the community is extended to the family of Ernie Clayton, who passed away in his sleep, early Tuesday morning, June 21. The funeral service was on Thursday, June 23 at St. Mary Magdalene's Anglican Church, Dorset. Archdeacon Watson of Gravenhurst conducted the service. Interment was at Paint Lake Cemetery. The pallbearers were nephews and great nephews; Jack Matthews, Jack Clayton, Leon McKey, Phillip Clayton, John Clayton and David McKey. Ernie was from one of the early pioneer families, was born and raised in the area and spent his early years in Dorset, was away for a period of years, then returned and made his home here. For the past three years he has been a resident of the pines. He was in his 86th year.

We are late in wishing Irene Clayton birthday greetings, who celebrated on the 22nd and we hope she has a happy year ahead and enjoys many more. And a very happy birthday to Gwen Raven, who celebrates on July 4.

We hope that Dot Lock has a hasty and complete convalescence, after having had orthopedic surgery at Sunnybrook Hospital, Toronto.

Lots of things are happening on July 4, fireworks day in the U.S. The Dorset Lions club start their summer bingo games on Monday, at 8 p.m. and will continue during the summer on Monday and Thursday evenings.

H.H. To remove flaky tart from pans without breakage, after they have cooled, place in the freezer for 10 or 15 minutes and they will lift out much easier.

Mr. and Mrs. Carl Doey have returned from a trip through the Peace River country and visited in Victoria, B.C.

Mrs. Elvin Johnson is home again after an enjoyable trip through the Maritimes with her sister and brother-in-law.

The family of Shirley and

Murray Davis, on the occasion of their 25th anniversary, surprised them with a party at Club 35. They were first taken to dinner at Hollow Valley in Dorset. Some 63 guests greeted them on their return.

Mr. and Mrs. Cecil Penney also had a 25th anniversary and Clare and Ritchie Har-

risson held open house Sunday afternoon in their honor.

The annual Prentice reunion was held in the C.E. building Sunday afternoon.

Mr. Norman Wallace had his daughter Dorothy and family visit him over the weekend.

Mr. and Mrs. Lew Tompkins entertained some 19

guests over the weekend.

The flowers in Zion Church were in memory of Mr. David McKinley.

Mr. and Mrs. Ray Sisson of Schreiber, Ontario have been visiting with Mrs. Leigh Sisson and calling on relatives.

Many outlets provide pick-your-own service

From page 18

strawberries is at The Robertson 1867 Farm on the Scotch Line Road, just south of Hwy. 36, east of Dunsford. Robertson's have 20 acres of berries, and also have asparagus, raspberries, beans, tomatoes and corn during the summer. Their phone number is 793-2553.

The strawberries are promising to be a good crop again this year in the area. The exact date when picking

will start depends on the weather and is hard to predict exactly at this time. With continuing good weather, all patches should be picking by the last week in June. Be sure to phone ahead to check the availability of strawberries before you visit your favorite pick-your-own patch.

There are several farmers markets in the area at which farmers are selling produce from their own farms.

The Lindsay Farmers Market is located in the parking lot at the Kent Place Shopping Mall in Lindsay, on Saturday mornings from 7:30 until noon. It opened on June 4 and will continue until late fall.

The Haliburton County Farmers Association are operating a Farmers Market in the municipal parking lot in Minden on Saturday mornings from 9 a.m. to noon.

This market will open on Saturday, July 2 and will continue until Labour Day weekend in September.

A farmers market operates year-round each Saturday at the Woodville Community Sale Barn.

A farmers market operating on weekends is being considered at the McLean Auction Barn, south of Lindsay.

A wonderful world

Often I think as I go for a stroll,
what a wonderful world this would be.
If we all believed on Jesus our Lord,
and lived life accordingly.

There would be no Army No Navy, no killing of men,
A policeman you seldom would see.
If we all believed on Jesus God's son,
and lived life the way it should be.

Love the Lord thy God with heart and soul,
and all thy mind and strength said he.
And then love thy neighbor as thyself,
in Mark twelve, and 30/31 it will be.

We would all treat our neighbors like we would
have them treat us, what a blessing that would be,
If we all believed on Jesus our Lord,
and lived life accordingly.

There would be no muggin no stealing, no
airforce to support, what a saving that would be.
If we all believed on Jesus God's son,
and lived life the way it should be.

There would be no lying no stealing, our kids
would be safe, how wonderful that would be.
If we all believed on Jesus our Lord,
and lived life accordingly.

Our cities would be safe to walk in at night,
for we would all love each other you see.
If we all believed on Jesus God's son,
and lived life the way it should be.

Edward Miller
Haliburton

As his friends and fellow graduates look on, David Hodgins is presented his HHSES grade eight diploma by director of education J. Douglas Hodgson. The

ceremony took place Friday afternoon in the school gymnasium.

Homegrown grain is an excellent "creep feed"

Available homegrown grain can provide a very simple creep feed. There is no one best combination but a coarse ground, palatable feed kept fresh in front of the calves will encourage consumption.

Just about any mixture will do but at least 20-30 per cent of the ration should be oats. Adding a lot of protein to a creep feed is not necessary. It has been suggested that

creep rations contain about 70 per cent TDN and 12 per cent protein. Protein and energy requirements can vary with different feeding situations. Most cattlemen who creep feed attempt to

meet these requirements as simply as possible. A suggested ration could be -- rolled or cracked corn or barley - 60 per cent; rolled or cracked oats - 30 per cent; See page 26

Congratulations!

TO ONTARIO'S JUNIOR CITIZENS OF THE YEAR

You have set a fine example for the youth of Ontario.

Ontario's Junior Citizens of the Year for 1982 are pictured with Lieutenant Governor John B. Aird, following presentations at the 33rd annual convention of Ontario Community Newspapers Association in Toronto. In the front row from left to right are Frank Meyer, Mississauga; Hack Waldon, Thunder Bay; Leah Chorniak, Brantford; Mr. Aird; Steven Barkley, Winchester; Annie Janzen, Stratford; and Chantal Michaud, Mattawa. Second row, Lisa Andreassi, Seaford; Jose Medeiros, Toronto; Faith Swann, Mississauga; Patrick Carter, Newmarket; Brenda Vines, Elmira; and Tim Christo, Norwich. They were honored for outstanding community work, lifesaving heroism and working to overcome physical limitations.

Nominations for 1983 Junior Citizen awards are now being accepted.

Pork forward contract plan

From page 18

road. Once a forward contract price is established, producers might use this price as a guideline when purchasing or selling weaners the same week.

However it is not the intent of the program to set prices. For more information contact a director for the Victoria County Pork Producers Association or the Lindsay Agricultural Office.

Buckthorn is a problem plant in Victoria County and in many other areas of Ontario. It is the alternate host for leaf rust on oats, and oat fields infected with rust have lower yields of poorer quality seed.

Oats could be a major cash crop in East-Central Ontario, especially with Quaker Oats in Peterborough being one of the major markets for oats in North America. However with the present high incidence of Buckthorn, few area farmers can grow oats of sufficient quality to serve that market.

The Victoria Soil and Crop Improvement Association launched a Buckthorn Control program in 1982. A major part of that program was test plots across Victoria County to find effective methods of controlling Buck-

thorn.

These test plots have now been evaluated and we are able to make the following recommendations based on these results.

The idea control method is to cut down all Buckthorn five feet and over, and spray or paint the stump immediately.

Several stump treatments are effective. The cheapest and perhaps most readily available treatment is 20 grams of 2,4,D (acid) in one litre of fuel oil. (We do not recommend using 2,4,D, Mecoprop and Dicamba mixture (Kilmore or Killex); Dicamba alone (Dycleer); or Roundup. These can be applied as product direct from the container, or mixed with fuel oil.

If you are not concerned about removing the Buckthorn right away, but want the shrubs killed as soon as possible, we recommend the Basal Bark Treatment for any Buckthorn over six feet tall. Mix 20 grams (active) of 2,4,D and Dichlorprop mixture (DP or Silvaprop) in one litre of fuel oil. Apply this to the trunk with a sprayer or large brush, coating one and one half to two feet of trunk on all sides.

Spraying the leaves is only effective if you get good cov-

erage of all leaves. This is extremely difficult on shrubs over six feet high. Also spraying is only effective in the spring, from the time the Buckthorn is well leafed out, until about mid-July.

We recommend spraying only on Buckthorn which are too small to cut down with a chain saw, or to apply the basal bark treatment.

We recommend the following as effective sprays on the leaves.

a) 2,4,d, Mecoprop and Dicamba mixture (Kilmore or Killex) using 20 ml of product in one litre of water.

b) Dicamba plus 2,4,d and Dichlorprop (Dycleer plus DP) using six grams of active material in one litre of water. NOTE: All leaves must be covered with spray.

c) 2,4,D and Dichlorprop (DP or "Brush-Kill") using six grams of active material in one litre of water (or six kilograms in 1000 litres).

NOTE: All leaves must be covered with spray. Please note when using these sprays --

a) be aware of spray drift on to nearby plants which may also be killed.

b) do not add fuel oil to the mixture to help it work faster. The oil will burn off the leaves before the chemical can kill the Buckthorn, and you will have a healthy shrub again next year.

Grains are excellent for "creep feeding"

From page 23

soybean meal or commercial supplement - 10 per cent.

A pelleted protein supplement will reduce separation from the grain. A mixture of grains usually provides increased palatability.

Choice of grains will depend on their availability and price.

The economics of creep feeding has to be considered. We can assume that a calf will gain an extra pound for every eight to ten pounds of

creep feed, so the extra cost of feed will have to be offset by the value of the value of the increased weight the calf gains. The advantage or disadvantage of creep feeding will vary year to year. It is also important to consider that fleshy, overfed calves can be discounted.

When to Creep Feed
Creep feeding is likely profitable when:

- calf prices are high rel-

- pastures begin to decline in quality or quantity
- dams are first or second calf heifers
- growth potential of the calf

- growth potential of the calf is not being met with milk and natural forage

- calves are born in the fall making grazing impossible
- creep feeding is used 3 to 4 weeks before weaning to help calves get on feed
